ANOTHER PRESS NOTICE.
"ROMANY RYE"
appears likely to be the entertainment at this theatre for a considerable time yet, to judge from the large attendance and the demonstrative approval with which the piece is received. As regards mounting in a realistic manner, no previous efforts have equalled this. Not only is the smart shower of real water an exciting stage novelty, but the shipwreck scene is far and away the most vivid representation of the kind yet seen in Sydney.

ENGLISH OPERA COMPANY.
GRAND OPENING NIGHT, MAY 24 (QUEEN'S BIRTHDAY).
AN IMPORTANT EVENT.
Mr. JOHN SOLOMON has the honour to announce that he has succeeded in Organising an OPERA COMPANY which will include a number of ARTISTS of EXCEPTIONAL ABILITY, who will appear on MAY 24th NEXT, in Balfe's Charming Opera, THE BOHEMIAN GIRL.
In undertaking this enterprise, Mr. SOLOMON relies chiefly on former experience, which has taught him that if the public are provided with a real good entertainment they will patronise it. Mr. SOLOMON trusts that his name in connection with the venture, as Lessee and Manager, and that of
Mons. HENRI KOWALSKI,
as Musical Director, is an assurance against a repetition of the failures which have previously occurred in connection with operatic performances, and that everything which can possibly tend towards the perfection of the performances and the comfort of patrons will receive the close attention of the management. In order to insure completeness in the Stage Management,
Mr. HENRY BRACY
has been specially engaged as Stage Director, and this gentleman's well-known experience and knowledge of operatic performances in the leading London theatres is a guarantee that the productions will be of a most perfect description.
The repertoire will include ENGLISH and COMIC OPERA, and for the production of such works, the very best procurable talent has been engaged.
During the season several new Operas will be produced among them being
"THE BEGGAR STUDENT," by Millocher;
"MOUSTIQUE," and "CUPID AND CO," by Henri Kowalski;
"THE SULTAN OF MOCHA," by Cellier,
&c., &c., &c.
The initial performance will be Balfe's BOHEMIAN GIRL, which will be performed on May 24, 1889 (Queen's Birthday), with the full strength of Mr. JOHN SOLOMON'S ENGLISH OPERA COMPANY, under the musical direction of Mons. HENRI KOWALSKI, the renowned Composer and Conductor.
Prices: Dress Circle, 5s; Stalls, 3s; Pit, 1s.
Box Plan open THIS DAY, Monday, at 12, at Nicholson's Music Warehouse, George street.

SPORTING INTELLIGENCE.

THE TURF.

Owners and trainers of racing stock should note that this afternoon, at 4 o'clock, entries close for the Rosehill first June meeting, and that the following events will demand attention:—Saxonia Handicap of 100 sovs., second horse to receive 10 sovs. from the prize, 6 furlongs; Selling Race of 100 sovs., for three years old and upwards, w.f.a., winner to be sold for 100 sovs., selling allowances, 7 furlongs; Rosehill June Handicap of 125 sovs., second horse 20 sovs. from the prize, 1 mile and 3 furlongs; Nursery Handicap of 100 sovs., second horse to receive 10 sovs. from the prize, for two years old, 5 furlongs; and Welter Handicap of 100 sovs., second horse to receive 10 sovs. from the prize, 1 mile. It must be borne in mind that 1 sov. covers all responsibility for each race, and must invariably accompany the nomination paper.

The stakes distributed at the Canterbury May meeting amounted to £375, of which Wilberforce in the principal event earned £100 for Mr. R. Dwyer. Messrs. J. Payten (ns), W. J. Noud, and J. Abrahams were each credited with £75 by the victories of Artisan; Fraud II. and Stamford in the Flying Handicap, Park Stakes, and Stewards' Mile respectively; while Mr. S. Fielder secured £50 by Euclid's performance in the Disposal Stakes.

Liabilities incurred at the Canterbury Park May Meeting must be adjusted to-day, at Tattersall's Rooms.

The general entry for the Brushgrove (Clarence River district) Races closes on Thursday next.

The funds of the Canterbury Park Race Club were augmented on Saturday by £65, Euclid, who won the Disposal Stakes, having been bought in by his owner for that figure. Otto was also brought under the hammer, and fell to the nod of Mr. A. M'Donald for £55.

In consideration of the circumstances under which Mr. Cope became possessed of the horse Honeymead, the Canterbury Park authorities have let him off with a nominal fine of £1 for nominating the son of Queen Bee for the Park Stakes while on the A. J. C. and V. R. C. *forfeit* lists. It appears that Honeymead formed an asset in the insolvent estate of Mr. A. Devlin, and was placed in the hands of Messrs. Brown Bros. and Co. for sale, by the trustees of the estate, who evidently, through ignorance of racing laws, did not inform the vendors of the liabilities incurred as a candidate for the classic events of the racing institutions aforementioned. It is very hard, however, on Mr. Cope, who paid a good sum for the horse, to find that if he means to race the animal, close on £125 forfeit money will have to be paid.

The betting market was very quiet on Saturday evening, and with a few exceptions there was no change on previous quotations. Sedition was a shade firmer, and 100 to 15 was taken. On the strength of his Canterbury Park performance, Wilberforce advanced to 100 to 5, at which figure a fair amount was written against him. A line of 100 to 4 was booked about Glen Elgin; and Amina had admirers, who accepted 100 to 3, with 100 to 4 the best offer at the finish.

The Northern Jockey Club are in the field with the programme for a day's sport on June 15, when the sum of £100 will be distributed over five events.

Among the recent arrivals are the Royal Stakes favourite Sedition, and the hurdle-racer Marron, who are comfortably stabled in the roomy boxes at the Duke of Cleveland Hotel, Cleveland-street, Redfern; and Cardigan, with his stable companion, May Queen, who have gone into their old quarters at Randwick.

Among the horses that have been doing good work at Randwick during the past week are—The Tyler, Test, Greyling, Jeremy Diddler, The Miner, Clogs, Cazotte, Paddy, Charcoal, Mormon, Searle, Papua, Fraud II., Cheshunt, Euclid, Election, Cimaron, Soldier's Wind, Tuscarora, Glen Elgin, Antæus, Little Bernie, Little Lady, Master Crusoe, Annette, Melos, Lady Lovel, Pearlshell, Anxiety, Timbrel, Lady Marion, All Sorts, Wilberforce, Fernandez, Minstrel Boy, Hengist, Stamford, Centaur, Too Soon, Titus, Party, Ogre, Sovereign, Albanus, Rose, Sincere, Plutarch, Abercorn, Spice, Singapore, Teddy Yuille, Artist, Alchemist, Marvel, Artisan, Miss Alice, Colenso, Steeltrap, Touch Not, Some Day, Pastmaster, Mitre, Willeroo, Escort, Volney, Aberdeen, Bernardo, Templar, Golden Crown, Dawn, Keith, Nonsense, Lady Lyon, B. Y., Minto, and Eliza.

Visitors to Randwick each morning can now see the two colts—Kirkham and Narellan—whom the Hon. J. White intends to send to England to compete for the great classic events of next season. They are a beautiful pair, and should well uphold the honour of Australia on the English turf.

Every person interested in the sport of horse-racing will regret to hear that the Hon. J. White is again suffering from severe indisposition.

The Canterbury Park authorities are making arrangements for watering the course, and have the reticulation pipes ready to be placed in position.

CANTERBURY PARK RACE CLUB.

SATURDAY, MAY 18.

Patron, Hon. James White, M.L.C.; stewards, Messrs. W. Clarke, Wm. Gannon, W. M. Garling, F. Hill, J. H. Want, J. A. Scarr, J. Slocombe, Hon. S. A. Stephen, M.L.C., Messrs. W. B Walford, A. Town; judge, Mr. A. Town; handicapper, Mr. J. Scarr; starter, Mr. H. Dawson; timekeeper, Mr. T. M. Alcock; clerk of scales, Mr. Chas. Perry; clerk of the course, Mr. J. Ashworth; secretary, Mr. G. W. S. Rowe.

The drizzling rain which set in on Saturday forenoon did not augur well for the success of the Canterbury Park May reunion; but, contrary to general expectations, the assemblage at the racecourse suffered very little when compared with some of the best gatherings held under the auspices of the club, and those who took their chances on the weather had but small cause for discontent, inasmuch as the rain ceased before midday, and only a light shower, lasting about 10 minutes, fell as the horses went to the post for the Park Stakes. The track was in splendid condition, and the different reserves looked bright and fresh. Exceptionally large fields competed in the different events, and the sport throughout was of a most interesting character. Mr. H. Dawson despatched his horses in most cases without unnecessary delay, and on good terms, and the exciting and close finishes bore ample testimony to the ability of the handicapper. The luncheon-rooms and tea pavilion were well patronised, and the catering in both departments was up to the usual standard. The general arrangements were smoothly and efficiently carried out by Mr. Geo. W. S. Rowe and his assistants, who left nothing undone to secure the comfort and convenience of the sporting public; and French's Model Band played an excellent programme of music, which pleasantly helped to while away the intervals between the races.

Business commenced with the Flying Handicap, for which 18 went to the post, and Cazotte was made a decided favourite at 3 to 1, while Wilberforce, Artisan, and Lorina were in most request among the others. The favourite cut out the work at a very strong pace until just inside the distance, where Artisan caught and beat her after a pretty struggle. The winner had a lot of condition on his side, and was well and patiently handled by Huxley. Cazotte's running was in marked contrast to her display when she last appeared in public, for it will be remembered that at the Canterbury Park meeting, held on the 23rd of March, with 6st. 12lb. up, she finished last for the Disposal Stakes, won by Claude, 7st. 4lb., with Jeremy Diddler, 7st. 11lb., second, in 1.14½. The narrowness of the course, added to the disobedience of a number of the riders, caused a tiresome delay at the post before the signal was given for the Park Stakes. Strength of money caused Magnus to hold the position of a strong favourite, and he looked like a winner up to the half-distance, when Fraud II. wore him down, and beat a clustered lot rather cleverly. Mormon was in most request for the Disposal Stakes, but was never in the hunt, and Euclid just got home from Jeremy Diddler and Master Crusoe. Thirteen were saddled for the May Stakes, and those who noticed how very late Wilberforce made his effort in the Flying Handicap supported him with such spirit that he left the paddock a better favourite than anything at 3 to 1. He caught his horses soon after entering the straight, and won comfortably from Fernandez and Stamford, and the latter would have been closer had he not run unkindly all the way up the straight. On the strength of his double victory at Liverpool, Comus was elected favourite for the Stewards' Mile, while Stamford, Artisan, and Hengist were also freely supported. After Holbrook had cut out a deal of running, Artisan assumed command to the distance, where he was challenged by Stamford, who just defeated him after a brilliant finish. The following is an account of the racing:—

FLYING HANDICAP, of 75 sovs.—6 furlongs 50 yards.

Mr. J. Payten's (ns) b c Artisan, by Captivator—Ariadne, 3 years, 7st. 6lb. (Huxley) ... 1
Mr. T. Daly's b f Cazotte, 3 years, 6st. 10lb. (M'Auliffe) ... 2
Mr. R. Dwyer's b h Wilberforce, 5 years, 7st. 10lb. (M'Grath) ... 3

Other starters: Aberdeen, 8st. 7lb. (F. Boyle); Odd Stockings, 8st. 3lb. (M'Mahon); Wanda II., 7st. 13lb., inc. 1lb. over (Barden); Some Day, 7st. 12lb. (L. Williams); Lady Lovel, 7st. 10lb. (Harris); Party, 7st. 8lb. (Vanderwarden); Lorina, 7st. 6lb. (Kelly); Otto, 7st. 2lb. (Donnelly); Albanus, 7st. 5lb., inc. 3lb. over (Driscoll); Titus, 7st. (Riley); Sentence, 7st. 3lb., inc. 3lb. over (Vigors); Fairfield, 6st. 12lb. (Egan); Eliza, 6st. 7lb. (Parker); Pastmaster, 6st. 7lb. (Strickland); Eurolgi, 6st. 7lb. (Moran).

Betting: 3 to 1 v. Cazotte, 4 to 1 v. Wilberforce, 6 to 1 v. Artisan, 8 to 1 v. Lorina, and 10 to 1 each v. any other.

The start left Titus and Aberdeen out of it, and Lady Lovel, Artisan, and Cazotte were the first off. As soon as they got going, Cazotte appeared at the front, and led along the back and up the hill by three or four lengths, followed by Artisan and Lady Lovel. After turning the home corner Artisan challenged Cazotte, and, wearing her down after a good battle, beat her home by half a length. Wilberforce, who came very late, was two lengths away third, and then came Lady Lovel, Sentence, Party, and Fairfield, while Otto, Albanus, and Eliza were the last lot. Time, 1 minute 20¼ seconds.

PARK STAKES, a handicap of 75 sovs., for all horses which have never won an advertised prize of the value of 45 sovs. at the time of running.—7 furlongs.

Mr. W. J. Noud's b g Fraud II., 6 years 8st. 10lb. (Moran) 1
Mr. J. Moore ns b g Magnus, 3 years, 8st. 5lb. (W. Boyle) ... 2
Mr. J. J. Clynch's b h The Bass, 6 years, 7st. 6lb. (Vigors) 3

Other starters: Party, 8st. 5lb. (Gallagher); All Sorts, 8st. 2lb. (R. Ellis); Alarm, 8st. 3½lb., including 3½lb. over (Dean); Dawn, 8st. (M. Harris); Lindsay, 7st. 10lb. (Durston); Templar, 7st. 10½lb., including 2½lb. over (Linnegar); Concordia, 7st. 6lb. (M. Riley); Hazel, 7st. 5lb., including 1lb. over (Jones); Broker, 7st. 4lb. (Banning), Hermanus, 7st. 4lb. (Edwards); York, 7st. 5lb., including 3lb. over (Knox); Cook Robin, 7st. (J. Evers); Eulbertie, 7st. (Cohn); If, 7st., including 2lb. over (Evans); Election, 6st. 11lb., including 1lb. over (Fielder); Sunbeam, 6st. 7lb. (F. Cleal); Gladstone Maid, 6st. 7lb. (Garland).

Betting: 4 to 1 v. Magnus, 6 to 1 each v. Fraud II. and All Sorts, 7 to 1 v. Hazel, 8 to 1 v. Concordia, and 10 to 1 v. any others.

After the starter had had a deal of trouble the flag fell to a pretty fair start, Party, Fraud II., and Hermanes composing the first flight, and the latter, attended by Dawn, led down the hill and to the bend leading to the home turn, where Dawn cut him down, and showed the way into the straight, closely followed by Party, Fraud II., and All Sorts. A fine race ensued all the way up the straight, and Fraud II., on the outside, and Magnus and The Bass in the centre, disposed of the leaders at the half distance, and Fraud II., then drawing away, won cleverly by a length and a quarter. Magnus was half-a-length in front of The Bass, who was followed by Hermanes, Dawn, Party, and Election, and the last lot were Alarm, Lindsay, Gladstone Maid, and York. Time, 1 minute 32 seconds.

DISPOSAL STAKES, of 50 sovs. For three-years-old and upwards. Weight-for-age. The winner to be sold for 75 sovs—6 furlongs.

Mr. S. Fielder's ch g Euclid, by Derby—Nightshade (nil), 3 years, 7st. (Fielder) ... 1
Mr. W. Kelso's br g Jeremy Diddler (£25), aged, 7st. 11lb. (M'Auliffe) ... 2
Mr. Jno. Gough's b g Master Crusoe (nil), 4 years, 7st. 4lb. (Murphy) ... 3

Other starters: Athlete (£25), 7st. 11lb. (Durston); Billy (nil), 7st. 4lb. (Douglas); Touch Not (nil), 7st. 4lb. (Cohn); Anxiety (nil), 7st. 4lb. (Vanderwarden); Searle (nil), 7st. 4lb., (Moran); Cheshunt (nil), 7st. 4lb. (Driscoll); Otto (nil), 7st. 3lb. (Donnelly); Dreamland (nil), 7st. 1lb. (M. Dunhey).

Betting: 3 to 1 v. Mormon, 4 to 1 each v. Jeremy Diddler and Otto, 6 to 1 each v. Euclid and Anxiety, 10 to 1 v. any other.

Euclid and Jeremy Diddler got a little the best of a good start, but soon gave place to Touch Not, Dreamland, and Billy, who raced on terms to the turn, where they were joined by Jeremy Diddler and Master Crusoe, and Euclid, coming with a great run, a grand race ensued, ending in favour of the son of Derby by a long half length from Jeremy Diddler. Master Crusoe was almost on terms third, and then came Otto and Touch Not, with Billy and Athlete last. Time, 1 minute 18 seconds.

THE MAY HANDICAP of 100 sovs.—1 mile 1 furlong.

Mr. R. Dwyer's b h Wilberforce, by Marvellous-Plum, 5 years, 7st. 4lb. (Fielder) ... 1
Mr. John Wood's bk g Fernandez, 5 years, 7st. 12lb. (Leadbeater) ... 2
Mr. J. Abraham's bk h Stamford, 4 years, 6st 10lb. (Vanderwarden) ... 3

Other starters: Pet Girl, 9st. (Pye); Papua, (late New Guinea), 8st. 3lb. (Noud); Lord Prix, 8st. (Riley); Odd Stocking, 7st. 10lb. (M'Mahon); Unnamed, 7st. 8lb. (Linnegar); The Telegram, 6st. 12lb. (Jackson); Eveline, 6st. 8lb. (Flannery); Belle Dame, 6st. 4lb. (Wilson); Sovereign, 6st. (Garland); The Bass, 6st. (Whitford).

Betting: 3 to 1 v. Wilberforce, 4 to 1 v. Stamford, 5 to 1 each v. Unnamed and Lord Prix, 7 to 1 v. Fernandez, 10 to 1 v. any other.

Mr. Dawson despatched the field to a good start without delay, the colours of Cazotte and Sovereign showing in the van, and when passing the stand the former had established an advantage of five or six lengths from Lord Prix, who was some four lengths clear from The Telegram and Fernandez, who were attended by Belle Dame at the head of a closely-packed ruck. Very little change took place until the hill was faced, when Lord Prix raced up to Cazotte, and disposing of her when half way round the bend, led into the straight just clear from Wilberforce, Stamford, and Fernandez. Wilberforce dashed to the front before reaching the distance, where Stamford and Fernandez settled down in pursuit, but Stamford running unkindly lost his position, and despite a well-sustained effort all the way up the straight, Fernandez could not get nearer than a length and a quarter to Wilberforce, who won with a trifle to spare. Stamford was nearly two lengths away, and was succeeded by Lord Prix, The Telegram, and Pet Girl, with Papua next at the head of a scattered lot, the last of which were Sovereign, Eveline, and Unnamed. Time, 1 minute 57 seconds.

STEWARDS' MILE, a welter handicap of 75 sovs.; lowest weight, 8st. 7lb. 1 mile.

Mr. J. Abraham's bk h Stamford, by Grandmaster—Lemonade, 4 years, 9st. 11lb. (Gallagher) ... 1
Mr. J. Payten ns b c Artisan, 3 years, 10st., including 7lb. penalty (Smith) ... 2
Mr. A. Hogan's b g Comus, aged, 10st. 8lb. (Norton) ... 3

Other starters:—Drilldool, 11st. (Lee); Hengist, 10st. 7lb. (Cornwell); Wanda II., 10st. 7lb. (Cleugh); Ogre, 9st. 7lb. (Davis); Albanus, 9st. 5lb. (Ruddle); Teddy Yuille, 9st. 3lb. (Gainsforth); Artist, 9st. 3lb. (V. Robinson); Evaristus, 9st. (Ellis); Fenella, 9st. (Fenella); Charming, 8st. 11lb. (Williams); Briar Rose, 8st. 9lb. (Pye); Holbrook, 8st. 9lb. (Boyle); Eurolgi, 8st. 11lb. (Leadbeater); Minto, 8st. 7lb. (Shehan); Fraud II., 9st., including 7lb. penalty (Noud).

Betting: 3 to 1 v. Comus, 4 to 1 each v. Stamford, Artisan, and Hengist, 7 to 1 v. Fraud II., 8 to 1 v. Fenella, 10 to 1 v. any other.

Artisan, Eurolgi, and Holbrook were the first to get going. The last named was first past the stand, closely followed by Artisan, Eurolgi, Albanus, and Evaristus. Holbrook forced the running at a sound pace to the home turn, where he gave way to Artisan and Stamford, who fought out a great battle for the remainder of the journey, ending in favour of the latter by a long neck. Comus was two lengths away, third, and Drilldool was a bad fourth, followed by Ogre, Eurolgi, and Holbrook, while Evaristus and Teddy Yuille were the last to finish. Time, 1 minute 46¼ seconds.

The settling over the annual races took place last night, and passed off well.

KIAMA, SATURDAY.

At a cricket match between a selected team from the Kiama and Gerringong clubs, played on Church Point to-day, the latter were severely beaten, the Kiama team having scored in one innings 165 with the loss of only five wickets against their opponents 64. King, one of the Kiama players, made a splendid score of 77, Blagburn 19, Russell 42, and O'Connell 22, not out.

CARRINGTON HANDICAP.

The running of the Carrington Birthday Handicap was concluded on Saturday night, the winner being J. Brewer, who got home from the 33½-yard mark in 11 3-5 seconds, equal to half a yard under even time. The favourite for the final was J. P. Byrnes, who had 6 yards start from Brewer, and went out at 2 to 1 on him, while Rein was installed as second favourite, Brewer's price being 3 to 1 against him. The race was a desperate one, and the winner had only about 6in. to spare at the finish. J. F. Lyons and W. Brown were disqualified for 6 months, as their running was not considered satisfactory. The following are the details of the various heats:—

First Heat.—S. Robertson, 38½ yards, 1. Other starters: R. Geldart, 40; L. Hope, 36½. Won by a yard and a-half. Time, 11 4-5 seconds.

Second Heat.—J. Dooley, 40 yards, 1. Other starters: F. Wain, 38; J. F. Lyons, 35½. Won by a yard. Time, 11 4-5 seconds.

Fourth Heat.—A. R. Hume, 37 yards, 1. Other starters: J. M. Stewart, 40; W. Brown, 37. Won by three yards. Time, 12 seconds.

Fifth Heat.—W. Nielson, 39 yards, 1. Other starters: F. Nowland, 34; J. Harrison, 36. Won by a yard. Time, 11 3-5 seconds.

Sixth Heat.—W. Kennedy, 35 yards, 1. Other starters: G. Stevens, 40; F. W. M'Knight, 37. Won by two yards and a-half. Time, 11 4-5 seconds.

Seventh Heat.—C. E. Merchant, 37 yards, 1. Other starters: W. S. Moxley, 36; B. J. Carmody, 38. Won by six inches. Time, 11 4-5 seconds.

Eighth Heat.—W. C. Rein, 39 yards, 1. Other starters: J. Tasker, 34; J. Westwood, 38½. Won by three yards. Time, 11½ seconds.

Ninth Heat.—J. P. Byrne, 39½ yards, 1. Other starters: W. Wright, 37; W. A. Gray, 37. Won by three yards. Time, 11 3-5 seconds.

Tenth Heat.—Joe W. Byrne, 38½ yards, 1. Other starters: G. Hummerstone, 40; C. T. Bennett, 38½. Won by a yard and a-half. Time, 11 9-10 seconds.

Eleventh Heat.—H. Murray, 38½ yards, 1. Other starters: T. Hayes, 38½; L. Burns, 40. Won by half a yard. Time, 11 4-5 seconds.

THIRD ROUND.

First Heat.—J. Brewer, 33½ yards, 1. Other starters: Joe W. Byrne, 38½; W. Kennedy, 35. Won by three yards. Time, 11 4-5 seconds.

Second Heat.—J. P. Byrne, 39½ yards, 1. Other starters: J. Dooley, 40; S. Robertson, 38. Won by two yards and a half. Time, 11 3-5 seconds.

Third Heat.—W. C. Rein, 39 yards, 1. Other starters: A. R. Hume, 37; C. E. Merchant, 37. Won by a yard. Time, 11½ seconds.

Fourth Heat.—W. Neilson, 39 yards, 1. Other starter: H. Murray, 38½. Won by two yards. Time, 11 4-5 seconds.

Final.—J. Brewer, 33½ yards, 1; J. P. Byrnes, 39½, 2; W. C. Rein, 39, 3; W. Neilson, 39, 4. Won by 6 inches. Time, 11 3-5 seconds. Betting: 2 to 1 on Byrne, 5 to 2 v. Rein, 3 to 1 v. Brewer, 7 to 1 v. Neilson.

CYCLING.

The following is an account of the overland trip recently made to Melbourne on bicycles by Messrs. F. J. Ives, W. Ives, and F. C. Moor. First day: Arrived at Picton, 53 miles, riding time 8 hours. Second day: Arrived at Marulan, 63½ miles, riding time 8 hours 15 minutes. Third day: Arrived at Goulburn, 20 miles, riding time 3 hours 35 minutes. Fourth day: Arrived at Yass, 58 miles, riding time 10 hours. Fifth day: Arrived at Coolac, 55½ miles, riding time 8 hours 15 minutes. Sixth day: Arrived at Wagga, 63 miles, riding time 10 hours. Seventh day: Arrived at Morven, 50 miles, riding time 8 hours 35 minutes. Eighth day: Arrived at Albury, 37 miles, riding time 4 hours. Ninth day: Arrived at Benalla, 75 miles, riding time 10 hours. Tenth day: Arrived at Kilmore, 34 miles, riding time 4 hours 45 minutes. Eleventh day: Arrived at Melbourne, 37 miles, riding time 3 hours 35 minutes. Total, 545⅝ miles, actual riding time, 78 hours 50 minutes. The distance measured by Mr. Moor's odometer is 618½ miles. The difference is owing to Messrs. Ives having to take train from Baddaginnie to Seymour, a very heavy downpour of rain falling at the time, and making the roads unrideable. Mr. W. Ives' saddle spring broke about 60 miles from Albury, and this caused a delay of a day in Albury. Mr. Allen, of the Redfern Bicycle Club, overtook the Cyclists 12 miles from Wagga Wagga, and was accompanied by Mr. Moor from Cookadinia to Melbourne. The treatment received from the members of the Fernside and other Melbourne Clubs left nothing to be desired. The trip was made purely for pleasure, and not with any intention of endeavouring to make a record.

Owing to the presence of the English and intercolonial cyclists the Suburban Club has decided to put a half-mile First-class Scratch Race on the programme for next Saturday in place of the Novelty Race, for which the entries were very few. This race and the One Mile Invitation First-class Scratch Race should bring about some splendid riding.

SUBURBAN BICYCLE CLUB CHAMPIONSHIP RACE MEETING.

Patron: The Right Hon. Baron Carrington, K.C.M.G. President: Mr. Henry S. Badgery. Vice-presidents: Messrs. J. B. Holdsworth, James Martin, E. H. Taylor, R. Shute, W. Hamilton, M. R. Evans, and John A. Dean. Committee: Messrs. F. T. Davies (captain), J. H. Hitchcock (sub-captain), E. C. Hughes, A. Reading, C. E. Mayes, W. Palfreyman. Hon. treasurer: Mr. Charles Lamb. Hon. secretaries: Messrs. F. M'Donnell, T. J. Paton. Officials.—Bicycle Races: Referees, Messrs. G. M. Moore, W. Hamilton, and E. C. Hughes; time takers, Messrs. C. W. Bennett and R. Shute; lap takers, Messrs. I. Phizackerley and C. E. Mayes; clerks of the course, Messrs. Geo. Nunn and A. Reading; starter, Mr. W. R. George; judges, Messrs. H. S. Badgery and J. Martin. Foot Races, under the sanction of the New South Wales Amateur Athletic Association: Referee, Mr. W. J. Rooney; starter, Mr. J. Campbell; judges, Messrs. F. Maddocks and F. Bettison; clerk of the course, Mr. J. W. Henderson; time taker, Mr. R. Coombes; handicapper, Mr. D. L. Aitken. Mr. John Campbell, hon. secretary New South Wales Amateur Athletic Association.

The first day's racing in connection with the championship meeting of the Suburban Bicycle Club took place at the Association Cricket Ground on Saturday afternoon. The weather interfered considerably with the success of the meeting, both in regard to the attendance and the time for the various events; but, even considering these drawbacks, the club has reason to look upon last Saturday's sport as fairly successful. During the forenoon a light shower fell, and damped the track somewhat, but in the early part of the afternoon a prolonged drizzle set in, and it had the effect of making the course very heavy, and in some places the ground became somewhat "sloppy." However, despite the threatening aspect of the weather, about 3500 persons were on the ground, and during the afternoon selections of music were rendered by the band of the Volunteer Artillery, under the conductorship of Mr. Edward Kearns. The programme comprised 11 events exclusive of heats. The first contest, the One Mile Maiden Scratch Race, run in three heats, brought out a fairly good field, and it was eventually won by A. Kneen, who came in an easy winner. The flat race of 150 yards, was won by W. J. Kenny, who almost tied with C. Ritchie, and T. Tidswell, the second and third men respectively. The One Mile Open Handicap attracted a large number of competitors, and was won, after a hard struggle, by W. L. Kerr, who rode a fast but cautious race. Mayes, the Englishman, also started, and although he rode well throughout, he was unable to obtain even a place. Event No. 4 was a professional scratch race, there being three competitors, Messrs. Mills, Wiburd, and Clark. This race was divided into three contests, viz., one, three, and five miles. The first and second of these contests were decided on Saturday, when Mills won the former and Clark the latter. The third competition, which is for the five miles, now lies between Mills and Clark, and will be run off on Saturday, the 25th instant. Wiburd, who rode well, received a nasty fall whilst dismounting from his machine at the conclusion of the first contest. The One Mile Suburban Club Handicap was won by F. T. Davies, after a severe struggle with E. A. Pearson. A great deal of interest centered in the Two Mile Scratch Race, the competitors in which were—Fenelon and Mayes, of England; Busst, of Melbourne; Mutton and Whatmore, of Sydney. The race from the start was a mere procession until near the finish, when Mutton spurted, and was instantly followed by Busst and Fenelon, both of whom passed him in the last quarter, and Busst, mantaining his pace, came in the winner by about one length. The Half-mile Second-class Race also fell a prize to E. A. Davies, the winner of the Suburban Handicap. The Five Miles Championship Race drew four starters, viz., H. A. Mutton, F. T. Davies, G. W. Whatmore, and J. Edgar. From the commencement the race lacked interest, and it was not until the second lap of the last mile had been entered upon that a bold bid for the lead was made by Mutton, Davies having previously retired. The two remaining competitors pressed the leader very hard, each of the men taking the premier position in turn until the home quarter was reached, when Whatmore made a desperate effort to again overtake Mutton, but having the outside running he was unable to overhaul his opponent, whose wheel crossed the line only a few inches in advance of Whatmore's, Edgar being still some distance in the rear. The obstacle race, although placed at the end of the programme, proved to be one of the most amusing events of the day's sport, the prize being carried off by G. N. Nunn. Following are the details of the racing:—

Mile Maiden Scratch Race.—First heat: H. Wilson (St. Leonards), 1; R. Gould (Redfern), 2; L. Rea (Suburban), 3. Other starters—W. P. Humphries (Sydney), H. F. Booth (Manly). Won easily. Time, 3min. 42 2-5sec. Second heat: A Kneen (Speedwell), 1; R. Craig (Redfern), 2; A. F. Chapman (Union), 3. The only other starter was J. Megson (Rovers). Kneen led from the start, and, after a somewhat slow pace, came home the winner by about two yards. Time, 3min. 50sec. Final heat: A. Kneen 1, H. Wilson 2, R. Craig 3. Kneen maintained the lead from the post, and won by a considerable distance from Walker, who was closely followed by Craig. Time, 3 minutes 33 seconds.

150 Yards' Flat Race Handicap.—L. Spencer (Sydney Harriers), 13 yards, 1. Other starters: A. C. Smithers (St. Peters A. A. C.) 9; J. Fligg (Ashfield A. A. C.), 9; E. J. Hilder (E. S. A. A. C), 13. This was a good race, and it was won by a yard. Time, 15 3-5 seconds. Second Heat.—W. J. Kenny (E. S. A. A. C.), 12 yards, 1. Other starters: G. F. Williamson (E. S. A. A. C.), 9; C. T. Morath (E. S. A. A. C.), 6½; F. A. Thorpe (E. S. A. A. C.), 9; H. O. Carter (E. S. A. A. C.), 11. This event was won with the greatest ease. Time, 15½ seconds. Third Heat.—T. Tidswell (Newington A. A. C.), 10 yards, 1. Other starters: F. G. Rabone (E. S. A. A. C.), 9; W. J. Miles (Sydney Harriers), 11; W. C. Freeman (E. S. A. A. C.), 12; R. J. White (E. S. A. A. C.), 14. Won easily. Time, 15 3-5 seconds. Fourth heat.—J. E. Morris (E. S. A. A. C.), 14 yards, 1. Other starters: E. Muddle (E. S. A. A. C.), 9 yards; A. W. Griffiths (Sydney Harriers), 9; C. G. Evans (E. S. A. A. C.), 11; O. F. Robinson (E. S. A. A. C.), 14; J. L. Henderson (E. S. A. A. C.), 16. Time, 15 2-5 seconds. Fifth heat.—Charles Ritchie (St. Peter's A. A. C.), 17 yards, 1. Other starters: J. O'Connor (E. S. A. A. C.), 9 yards; O. W. Robberds (E. S. A. A. C.), 9; S. Evans (St. Peter's A. A. C.), 10; A. Chapman (Trachers' A. A. C.), 11; H. Passetti (E. S. A. A. C.), 13; H. Heron (E. S. A. A. C.), 14. Won by about a foot. Time, 15 1-5 seconds. Final heat.—W. J. Kenny, 1; Charles Ritchie, 2; T. Tidswell, 3. This was a splendid race, the three placed men reaching the tape in a bunch. Time, 15½ seconds.

One Mile Open Handicap.—First heat: W. L. Kerr (Sydney), 175 yards, 1; A. E. Pearson (Redfern), 140 yards, 2; J. H. Hitchcock (Suburban), 158 yards, 3. Other starters were: J. Fenlon (England), scratch; H. A. Mutton (Sydney B. C.), 40 yards; C. W. M'Donnell (Crusaders B. C.), 130 yards; Geo. Corkhill (Balmain B. C.), 140 yards; A. F. Chapman (Union), 155 yards; H. B. Booth (Manly), 165 yards. Booth led away at the start, but was overtaken by Corkhill. Towards the finish Kerr, Pearson, and Hitchcock came nearly together, and in that order raced home. Fenelon, who rode a hard race, was unable to take a position, and retired from the track when on the last lap. Time, 2 minutes 59 2-5 seconds. Second heat: B. Aussell (Speedwell), 150 yards, 1; George Tombs (Redfern), 135 yards, 2; E. Mayes (England), 40 yards, 3. Other starters were: W. J. S. Hayward (New Zealand), 75 yards; E. E. Goodsell (Sydney B. C.), 90 yards; F. Stackleburv (Speedwell B. C.), 110 yards; A. Kneen (Speedwell B. C.), 120 yards; R. Russell (Rovers B. C.), 140 yards; L. Rae (Suburban B. C.), 165 yards; A. H. S. Griffin (Manly B. C.), 165 yards; W. A. Kerrigan (Singleton B. C.), 170 yards. Aussell got away in advance, closely followed by the field. During the two first laps Mayes gained a great deal, but afterwards seemed to go off somewhat. In the last round a struggle for premier position took place between Tombs and Aussell, but the latter succeeded in crossing the line about a yard in front of the former, Mayes coming in a close third. Time, 3 minutes 5 2-5 seconds.

One, Three, and Five Miles Professional Scratch Races, for prizes £15, and £5; to be decided by points.—First contest, one mile: Frank Mills (Adelaide), 1; Sam. Clark (Scotland), 2; George Wiburd (Bathurst), 3. D. Libeau, although entered, did not start. Wiburd obtained the lead, followed by Clark and Mills, and this position was maintained until the fourth lap, when Clarke spurted, but the Adelaide representative responded and shot ahead into first position. Clarke endeavoured to overtake the leader but was unsuccessful, and Mills won by several yards, Wiburd being considerably in the rear. In dismounting from his machine, Wiburd fell heavily to the ground, in consequence of his hind wheel lifting. Time: 3 minutes 16 seconds. Second Distance, Three Miles.—Sam Clarke (Scotland), 1; Frank Mills (Adelaide), 2; George Wiburd (Bathurst), 3. The men got away to a fair start, Wiburd shooting to the front immediately afterwards. For the first two miles the race was uninteresting, but in the last mile Clarke began to assure his position, with Mills close behind. The last lap brought the men together, but Clarke took the lead again, and passed the post about two yards ahead of Mills, who was warmly pursued by Wiburd. Times: 1 mile, 3 minutes 20 seconds; 2 miles, 6 minutes 52 seconds; 3 miles, 10 minutes 18 1-5 seconds.

One Mile Suburban Club Handicap.—F. T. Davies, scratch, 1; E. A. Pearson, 10 yards, 2; W. A. Palfreyman, 50 yards, 3. Other starters were F. C. Eaton, 70; L. Rae, 85; H. Bonsor, 150. A good start having been effected the men kept well together for the first two laps, after which Davies drew away, seconded by Pearson. On entering the home run Pearson overtook the leader, who then put some dash into his work and shot ahead at the post, winning from second man by about a wheel, the remainder of the field being nowhere. Time, 3 minutes 30 seconds.

Two Mile First-class Scratch Race.—T. W. Busst (Melbourne) 1; J. E. Fenlon (England), 2; E. Mayes (England), 3. Other starters: H. A. Mutton (Sydney), G. W. Whatmore (St. Leonards). All the men left the mark together, and soon took up the positions as placed. During the second lap Whatmore took the lead, and in this order the second mile was entered upon, the pace being all the time rather slow. In the seventh lap Mutton went to the fore, and was keenly watched by Busst, with Fenlon closing up behind. When the bell rang Mutton was still in the van, but the pace of Busst was too fast for the Sydney representative, who dropped behind to third place, the intermediate position being filled by Fenlon. A great race then ensued, the result being a win for Busst by about two yards from Fenlon, who was closely pressed by Mutton, with Mayes following at his little wheel, and Whatmore in the rear. Time, 6 minutes 48 3-5 seconds.

Half-mile Second-class Scratch Race.—F. T. Davies (Suburban), 1; W. L. Kerr (Suburban), 2; E. A. Pearson (Suburban), 3. Other starters: George Corkhill (Balmain), E. E. Goodsell (Sydney), B. Russell (Speedwell). Davies took the leading position from the commencement, and maintained it to the finish, despite the efforts made by Pearson and Kerr to overtake him. The pace all through was made very good, and Davies was only able to reach the post about a wheel in front of Pearson, the others being almost in a bunch immediately behind. Time, 1 minute 3; 2-5 seconds.

Five Miles Championship of New South Wales.—H. A. Mutton (Sydney), 1; G. W. Whatmore (St. Leonards), 2. J. Edgar (Speedwell), 3. F. T. Davies (suburban) also started, but after covering the first mile he retired. The race throughout the greater part was slow and wanting in interest the men evidently saving themselves for the final burst. When half a mile from the finish Mutton went to the fore, and was closely pressed by Whatmore, who had now passed Edgar. The last quarter lap witnessed a very exciting race, Mutton and Whatmore riding with even tyres, but the former succeeded in passing the post a shade in front of Whatmore, who finished about six yards ahead of Edgar.

Obstacle Race, ½-mile handicap.—G. M. Nunn (Sydney), scratch, 1; P. W. Pearson (St. Leonards), 100 yards, 2. Other starters: A. Fry (Sydney), scratch; C. Cuthush (Speedwell), 60 yards; A. D. Phillips (Speedwell), 95 yards; A. Solomon (Suburban), 100 yards. After about half the distance had been traversed Nunn took up the leading position which he maintained until the finish. Fry and Pearson both dismounted when half a lap from home, and a good race resulted for the remainder of the distance, Pearson finishing a couple of yards in advance of Fry.

FOOTBALL.

The opening of the football season on Saturday was marked by another outbreak of the nuisance which was so prominent last season, viz., the intrusion of spectators into the areas set apart for the games. At the Agricultural Society's Ground one of the games was finished with at least 100 people standing inside the goal line and on the field of play. The result was that those people who had sufficient good manners to restrain themselves from jumping over the fence were unable to see what was going on, and the players were not only hampered in their movements, but were in danger of coming into collision with the trespassers. It is to be hoped that in future the gentlemen who have charge of the ground will take steps to keep the crowd outside the fence, as is done at the Association Cricket Ground.

The North Shore Reserve was the scene of a match between Strathfield and Cammeray in the first round of the senior badge competition. The Cammerays won the toss and elected to kick from east to west. Strathfield kicked off, and the ball was returned in touch. For some time the local team was kept on the defensive, and repeated attempts to pot a goal resulted in several forces. Eventually, after some good passing, Braddon took the ball and by a quick run secured a first try for Strathfield, A. Wilkinson converting it into a goal. Cammeray kicked off, and the ball was well returned. The local men were again in trouble, but their general good tackling prevented scoring. At last the ball was passed to White, who got in, but the kick was a failure. Strathfield 6 points, Cammeray 0. The Cammerays now played up with a will, and kept Strathfield on the defensive for a little while, but could not score. Nothing further of moment occurred before half time. After five minutes intermission Cammeray kicked off and the ball was capitally returned. The play was for some time of a very interesting character, neither side getting much the better of it. At last the Strathfield forwards by some good play enabled Morton to secure third try far out, after a good quick run, no goal resulting. Cammeray again kicked out, and Braddon returned splendidly in touch. The Cammerays were again pressed, the ball being continually taken out of bounds amidst confusion caused by the crowd encroaching on the ground. Some further passing transferred the game to the other side, and after some very hard scrimmaging a pass was sent to Braddon, who kicked a good goal. Strathfield 15, Cameray 0. The game was still kept in the local team's half, and attempts at goal and hard kicking resulted in several forces. Robberds now distinguished himself by making a capital run, and very nearly scored. Mant, however, secured the ball and got a try near the boundary, no goal resulting. Shortly after this Hayes made some capital runs, which, however, did not result in anything. Time was soon after called, leaving the Strathfield victors by 18 to nil. For the losers Lyons (who kicked splendidly), Hayes, and Day were conspicuous for their good play; whilst for the winners it would be invidious to particularise. Mr. George Graham acted as sole umpire, and gave general satisfaction.

The following matches were played on Saturday:—

The Arfomas and Double Bays met on the Agricultural Society's Ground in the senior Badge contest, playing at the northern end. The following were the teams:—Arfoma—Wood, full-back; F. Hillyer, F. Clapin, and Tibbitts, quarters; H. Hillyar, F. Walker, and Sefton, halves; Ebsworth, Lloyd, Hale, D. Walker, W. Walker, Kethel, Crocker, and Perry. Double Bay—Davis, full-back; Foster and Doyle, quarters; Woolcott, Street, and Mason, halves; G. and W. Mortimer, Tilney, Sheldon, Everston, Jones, Brownlow Single, and Cooper, *forwards*. Double Bay won the toss, and elected to defend the western goal. Ebsworth kicked off for Arfoma, and Mason returned in touch on the northern wing. Doyle and Woolcott took the ball in turns across the ground, and, Woolcott missing his kick, the ball went out. H. Hillyar stopped a smart rush by the Bays, who were making the pace very warm. Woolcott got possession near the half-way, but went down heavily, and the ball was sent into touch on the southern wing. Out of a scrimmage Doyle got possession and started to run, but Hale secured the ball and took it out. Several open scrimmages were formed in quick succession and as quickly broken, the result being in favour of the Bays, who got the scene of play down to their opponents' 25. Tibbetts then cleared his lines with a punt, and H. Hillyar crossed the field. Foster bringing him down on the northern wing. Hale made another run across, and being unable to find an opening passed judiciously when he was being closely pressed, but the pass was not taken, and the ball went out. Some lively play ensued in the Arfoma 25, and a pass by Clapin fell into the Bays hands, but the chance was not accepted, and the ball went out. The Arfoma lines were still besieged, but a good defence was maintained. Mason picked up, and shaking off a couple of tackles, headed for the line, but was unable to pilot his way in. A kick out of some loose play sent the ball over the Arfoma line, but the referee ordered it back for dead ball, and a scrimmage was formed in front of the Arfoma goal, nothing coming of it. Hale and D. Walker dribbled the ball away, and the latter ran it up as far as the Bays—25. Sefton, Clapin, and Tibbetts put in some neat play, and pressed their opponents, but the ball was called back for off side as Tibbetts was about to take a shot at goal. A pass placed Woolcott in possession, but he missed his kick, and the Bays were called upon to defend their territory. Street was tackled by Hale about 10 yards from the goal line, but the defenders dragged him down. They could not, however, evict the assailants, and Sefton passed to F. Walker within easy shooting distance, but Mason tackled him successfully. A packed scrimmage followed on the northern side within a couple of yards of the Bays' line. Clapin secured the ball as it came through, but he was at once pounced upon, and another scrimmage was formed near the goal-posts and a few yards further from the line. A desperate struggle ensued in the corner, and D. Walker and Mortimer claimed possession, within the Bays' goal-line. If looked as if a maul would follow, but the referee decided in favour of the defenders, this being equivalent to a force down. When the ball was kicked out and H. Hillyar returned it on the northern wing, Perry dribbled, and Hale picking up started for a run. Davis tried to stop him, but Hale charged him down in characteristic style and secured a well-deserved try. Ebsworth was entrusted with the shot or goal, but the kick was a failure. The Bays kicked out and Sefton kicked the ball without picking up, and it went out inside the Bays 25. A scrimmage followed in front, and F. Walker securing, although not very smartly, made a short dodgy run and grounded inside the Bays line. Ebsworth was once more entrusted with the kick and was again unfortunate owing to the greasy state of the ball, although he put it very close to the southern flag. Scores—Arfoma 6, Double Bay 0. A scrimmage in the Bays' *territory followed* the kick out, and the ball at length went out well within their 25. Hale secured from the throw-in, and passed to Sefton, who was unable to secure in time to run, and consequently passed on to H. Hillyar, the latter being forced out in close proximity to the Bays' line. Some scrambling play followed, and the ball being kicked over, the defenders forced. When the ball was kicked out Crocker quickly had it back in the Bays' territory, and out of some loose play the ball crossed their line on the southern side, but went into touch in goal. The Arfoma territory was then visited, but only for a brief interval, Hale fetching the ball back and upsetting a couple of opponents on the way. Half-time was then called. On resuming the Bays went off at a great pace, and at once carried the war into their opponents country. Headed by Cooper they ran over the Arfoma back contingent, and established a scrimmage only a few yards from the Arfoma line. Clapin tried to get it away, but his kick missed fire and he marked off it himself, right in front of goal. Taken out for a short distance, a kick along the ground returned it, but Wood cleared his lines. Cooper had a fair chance to get in, but before he could get going he was tackled. Hillyer punted away and Mason took a drop at goal at short range, but missed, and the ball went along the ground. Sefton ran the ball away along the southern wing, but was tackled and falling heavily was stunned and did not resume play for half an hour. Street made a bold bid for a score against the Arfomas but he was tackled at the 25, and though he got free he was unable to get into his stride again before he was brought down. A scrimmage was formed in front of the Arfoma goal and H. Hillyar got the ball away and it was taken up the ground. Davis returned with a fine long drop and Street got possession in front of goal and held until he was tackled. H. Hillyar secured on the wing and made a smart run, the ball at length going out. Again the Bays drove their opponents back and Tibbetts receiving from a pass, punted well up to the half-way mark. Woolcott returned and J. Wood, Tibbetts, and D. Walker took the ball up the field. H. Hillyer made a nice run into the Bay's territory, and passed to Hale when threatened, a scrimmage following inside the 25. F. Walker picked up and rushed forward, but was stopped when quite close to the Bay's line. Foster took the ball back, but D. Walker brought him down on the southern wing. The Bay's, whose attacks were growing feebler, rallied once more, and entered their opponents' territory, a scrimmage being formed at the 25. The attack was not maintained, however, and by the agency of Tibbetts, F. Walker, D. Walker, and Perry, the venue was quickly changed, Perry securing third try for the Arfoma. The kick at goal was not successful. When the ball was kicked out, Clapin returned, and Cooper ran it back, but was fetched down by Tibbetts. The Arfomas passed the ball right across the ground in the Bay's territory, H. Hillyar carrying it out. The Bays made a well-intentioned run, which was blocked at the Arfoma 25, the ball being at once worked back. Davis sent it up again with a long drop, and H. Hillyar carried it back. The Bays rallied for a last effort, and rushed the game up to the Arfoma line, where a scrimmage took place, and time was called, *Arfoma winning* by 9 points to 0. Mr. Monty Arnold made a very efficient sole referee.

There were two matches played on the Parramatta ground on Saturday, Parramatta meeting the Wallaroos, and the second King's School meeting the Strathfield team. The match between the two senior teams was very exciting and hotly contested, and at the call of time neither side had scored. Both teams were forced on two or three occasions, and during the play the ball was first in one territory and then the other. Both teams were strongly represented, the visitors being assisted by the most prominent of the King's School players, notably Bennett and Rice. The King's School tussle with Strathfield was a very hollow affair, the school scoring almost when they liked, and at call of time the game stood, School 40 points, Strathfield nil. For the School, Manchee, Whitworth, Panter, Ebsworth, and Lane obtained touches.

Newtown and Rosedale occupied the southern portion of the Agricultural Society's Ground in the senior badge competition, the following being the teams:—Rosedale: M'Mahon, full back; Hogan and Braund, quarters; Honnibal, Hanley, and Watkins, halves; Sutherland, Rose, Park, Hill, Heydon, Keeley, Brennan, J. Black, and H. Black, forwards. Newtown: Green, full-back; O'Neill and Phillips, quarters; Maiden, Serisier, and Kong Sing, halves; Peacock, Nunn, Fitzgerald, Gee, Perry, Serisier, Parkes, Wallace, and Chesborough, forwards. The players were late in gathering, but at length Newtown kicked off. Maiden, Serisier, and Kong Sing took the ball into the Rosedale's 25, Hanley returning. Newtown not to be denied, quickly had the ball back close to the Rosedale line; but the defence was good, and the red and blacks took the ball back over the half-way mark. They then pressed Newtown and a touch down was claimed, but disallowed. The ball travelled down the field, and Maiden was close to the line with the ball when he was pushed into touch. Shortly afterwards Fitzgerald crossed the Rosedale line and succeeded in obtaining a touch, but the kick at goal was not successful. No further score was made up to half-time. After ends had been changed Rosedale pressed their opponents until Phillips broke away. The ball was smartly returned, and after a *desperate struggle* Newtown had to *force*. After the kick out the Rosedales got to work again, and Hanley securing got in, the kick at goal being unsuccessful. Scores, three all. Play was stopped for a time, owing to Serisier being incapacitated by a kick which will probably have lasting effects. When the game was resumed the play was pretty well all over the ground, and one of the Rosedales crossed the Newtown line, but was recalled. A drop at the Newtown goal was rather a close thing, and at length Kong Sing, who had played a brilliant game, ran along the northern wing, and meeting opposition, passed to Phillips, who ran along inside the touch-line and grounded behind the goal posts. The touch was, however, disallowed, on the ground that Phillips had run into touch. Towards the end of the game Watkins scored a try for Rosedale; but the kick at goal did not increase the total, and the game finished with the score standing—Rosedale, 6 points; Newtown, 1. The Rosedale intend to appeal to the union to be allowed the try scored by Phillips.

Randwick and Elvira met in the opening round of the senior badge competition at Randwick. Wiggins captained the Elviras, M'Pherson having command of the local men. The latter winning the toss elected to play uphill, and about 3.30 p.m. the ball was set in motion by the visitors. During the first half the game was kept very fast, and the only points scored were for a try by Randwick, after a good run by Eady, Parish converting it into a goal. Although the visitors had the advantage of playing down hill, they were unable to score, owing to the splendid forward game of the locals, prominent among them being H. Macpherson, Jay, Francis, and A. Scott. During the second half the Elviras, by some good play, had the ball very close to the locals' lines, but Eady and Kidman came to the rescue on two occasions and shifted the ball to a safer quarter. The local men were again to the fore by placing another try and goal to their credit, through the agency of Parish, who made a fine dodgy run half the length of the ground. As no more points were scored, the game resulted in a win for the Randwick by 10 points to nil. Besides those mentioned, Napper, Cleeve, W. Macpherson, Precious, and Hazlehurst showed out prominently; Booth, Wiggins, Wallace, and Kelly doing most work for the Elviras. The Rev. W. A. Charlton acted as referee to the satisfaction of everyone; Messrs. Lloyd and Goodsir acting as boundary umpires.

MELBOURNE, SUNDAY.

Splendid weather prevailed on Saturday for football. The intercolonial match—Victoria v. South Tasmania—was played on the M. C. C. ground, and was witnessed by about 25,000 spectators. Although the Tasmanians played well, marking brilliantly, they were clearly overmatched. The game stood:—At quarter-time—Victoria, 1 goal 3 behinds; Tasmania, 1 goal 3 behinds. At half-time—Victoria, 4 goals 3 behinds; Tasmania, 1 goal 4 behinds. Three-quarter time—Victoria, 5 goals 6 behinds; Tasmania, 1 goal 5 behinds. The final result was:—Victoria, 6 goals 9 behinds; Tasmania, 1 goal 6 behinds. At Ballarat the members of the Maori team played the local men, the result being—Ballarat, 4 goals 3 behinds; Maoris, 3 behinds. The following matches for the premiership were played:—North Melbourne, 5 goals 12 behinds, beat Footscray, 4 behinds; Geelong, 10 goals 12 behinds, beat Melbourne, 1 goal 5 behinds; Williamstown, 1 goal 4 behinds, drew with Port Melbourne, 1 goal 4 behinds.

ADELAIDE, SUNDAY.

The results of Saturday's leading football matches were—Norwood beat South Adelaide by 7 goals 13 behinds to 2 goals 1 behind; Port Adelaide defeated Adelaide by 5 goals 10 behinds to 2 goals 1 behind.

PIGEON SHOOTING.

The Challenge Cup competition, under the auspices of the New South Wales Gun Club, will take place on Tuesday at the club's grounds, Botany.

AQUATICS.

UNIVERSITY BOAT CLUB.

The annual race (trial fours) for the trophies presented by the Oxford and Cambridge members of the University Boat Club will be rowed this week. The course is from Clarke Island to the shed in Woolloomooloo Bay. There are good entries. The race will be rowed in heats, the first to be decided on Tuesday afternoon. For the convenience of members and their friends a steamer will follow the boats. Negotiations are proceeding with the Adelaide and Melbourne Universities with reference to the University Eight-oar Race, and there is every reason to believe that the race against one or both of the sister Universities will come off on the Parramatta River in September next.

FAIR PLAY.

TO THE EDITOR OF THE HERALD.

Sir,—By inserting this letter you will confer a great boon on all sporting-men who visit our racecourses in and around Sydney. What I refer to is the totalisator and sweep men. The totalisator is not used or allowed in the saddling paddocks, why then is it allowed in the Leger reserve of our various racecourses? Being a frequenter for a number of years of races, I cannot understand why these men are allowed to ply their vocation unmolested. The totalisator is the greatest swindle on the face of the earth as carried on by those men. If the horse you back wins and you go for your money, what a shock you receive by being paid perhaps a shilling over the money that you have invested. To let the public know how it is worked, I will explain it. In the excitement of the race say an outsider wins. Perhaps only three or four back him. The total man marks down eight or ten more figures, all of which goes into his own pocket. Instead of receiving a fair dividend for your money you get a petty sum not worth receiving. The sweep men, these gentlemen!—save the mark—the public should be warned against. No wonder they can ride in their buggies to the races, and come out with their gold-lettered bags around their necks. In making the sweeps they deduct 2s. 6d. in every sweep they make up for their trouble. Would that pay them if they carried on the game fair and square? In their slang phrase, they "cop" all. They have their families with them to help them. Let some of these gentry look to themselves. No wonder they can run tobacconist shops in our midst, as a blind. If the racecourse officials and police would put a stop to those pests we would get longer odds on the races from honest and straightforward bookmakers. They have got rid of the welcher; why not sweep those from our pleasure resorts?

Thanking you for taking up so much of your valuable space. I am, &c.

A LOVER OF FAIR PLAY.

THE INDUSTRIAL MUTUAL LIFE INSURANCE SOCIETY.

TO THE EDITOR OF THE HERALD.

Sir,—Some time during the year 1886 you commented favourably in your columns on the position and prospects of a certain life insurance company which, already established in Queensland, was at that time about to extend its operations to this colony. The notice which this company—the Industrial Mutual Life Insurance Society—received at your hands no doubt induced many persons other than the writer to effect insurances on their lives, in the hope that by so doing they were making some provision for their families, the weekly or monthly payments of premiums offering apparent facilities to those of our fellow-citizens whose lives had not been cast in pleasant places, and who could not conveniently scrape together the larger payments required by the ordinary life insurance companies. Now, this institution has collapsed, and at a meeting of the directors, held in Brisbane on the 6th instant, it was resolved to wind up the society, as no other company could be found willing to take over even the best lives assured in the Industrial Mutual.

It appears that, although the principle of industrial life societies is good, in order to raise the necessary capital for preliminary and current working expenses certain "foundation policies" were issued, under which the original policy-holders were awarded insurances for varying amounts upon payment of a specific sum down, this sum being generally, if not invariably, £25. It is stated that those foundation policies, together with heavy claims—probably on "bad or indifferent" lives accepted in order to do business—have swamped this society, with the result that all the policy-holders will receive is at most a refund of one-third of their paid premiums, and a handicap of two or three years on their lives, which in many cases will mean inevitable rejection by sound companies, who are always strict in their medical examinations. The failure of a life company is a very serious thing, far more disastrous in its effects than are apparent on a cursory view, so that the collapse of this young and (let us hope) well-intentioned society is to be deplored. HAS THE OPPOSITION NO CONSCIENCE?

TO THE EDITOR OF THE HERALD.

Sir,—Before you rashly propound conundrums of a psychical or metaphysical character with respect to the Opposition as an agglomeration of entities, would it not be more profitable for your writer to turn the inquiry inwards and ask, has the *Sydney Morning Herald* no conscience? This, I think, could hardly be answered in the affirmative, otherwise you would never have charged me with having "prepared an oration" on the Land Bill. I suppose the next thing I may expect to be charged with will be "preparing a poem," or, at least, with having an intention of quoting poetry.

In repelling this attack let me tell you I had no intention of speaking either to empty or full benches last night, and I so informed a number of members yesterday morning.

Again, I was in no way responsible for, nor did I take any part in, the motions for adjournment either on Thursday or Friday evening. It is true I happened to be in my place when the land debate flagged, but I declined to speak because, *thinking there would* be no more lack of land speakers than there is of land growlers and agitators, I had arranged to speak next Wednesday evening. I think seriously you might have spared the ink used in the leader referred to, as the Opposition did the Government good service in passing two of their measures as well as a private member's bill right through, which might otherwise have been numbered with the slaughtered innocents at the end of the session, whenever that may be. It seems to me, however, that your recording angel is of the Polyphemus type, having only one eye which is for ever turned on the demerits of the Opposition, and whatever this section of the House does it finds no favour in his eye. We exist notwithstanding. I am, &c.,

May 18. HENRY COPELAND.

[We apologise to Mr. Copeland for saying that he had "prepared an oration." The impression conveyed by his words was that he had done so, and the discussion which followed his remarks showed that this view was taken by members of the House as well as by newspaper representatives. Mr. Copeland has been misunderstood, that is all. Very few people, we imagine, will think that the *Herald* is without a conscience, because it has credited the hon. member with having prepared an oration.—Ed. *S. M. H.*]

THE WEATHER.

TO THE EDITOR OF THE HERALD.

Sir,—Finding that up to this date the storms and gales predicted by Egeson have not come, allow me to forward to you my next dates of the unsettled coming—that is, between the 18th of this month, May, and the 12th of June.

I am, &c., SAMUEL NATHAN.

that the law should be amended by reducing the limit of £50, entitling a creditor to present a bankruptcy petition. In England the Associated Chambers of Commerce have a bill before Parliament to reduce the limit to £20. The REGISTRAR also thinks that the present reckless dissipation of assets by debtors would be obviated by refusing a certificate unless their estates yielded at least 10s. in the £, with certain reservations. The passing of a more stringent Bills of Sale Act, corresponding to the Victorian provision, is also recommended. While defects in these directions are pointed out, it is satisfactory to learn that the new Bankruptcy Act has been found to possess many advantages over the old law.

A correspondent elsewhere refers to the failure of an Industrial Mutual Life Insurance Society, by which he has suffered considerable loss. He is mistaken in supposing that any reference made by us to the society in question went beyond a general commendation of the principle of industrial life insurance. As to the desirableness of promoting and extending the practice of life insurance among persons who have not the means to pay premiums for insurance for £100, or other limits which the general societies fix as the minimum risk, there can be but one opinion. But the character of the agency which carries out the business is quite a different matter. Any society which begins work with premiums on an inadequate scale starts at once on the highway to ruin, which will be accelerated or postponed according to the vigour which is exercised in getting policies, and to the skill in management. A large amount of premiums on too low a scale, exemption from large claims, and good management may keep an unsound society in existence for some years, but sooner or later the inadequacy of the rates will result in its collapse. Obviously at the outset the opinion of an actuary is required; and it is to such an official the public must look for protection, whether against foundation policies or insufficient premiums. Since the failure of the society in question, we have heard that an actuary of eminence was consulted as to the rates to be charged, and that he gave his opinion that they were too low to provide the advantages offered. An industrial life insurance society which collects its premiums from week to week is necessarily at greater cost than an ordinary life insurance society whose premiums are received quarterly, half-yearly, yearly, or even in a lump sum, and whose business in consequence can be managed with much less clerical assistance. The Government of the United States has thought it necessary to appoint actuaries for the protection of the public against the enterprise of those who conduct unsound insurance institutions. In the absence of any such provision in this colony, the need of greater care is required in those who wish to insure their lives. This lesson has certainly been taught with painful emphasis in the experience of all those who are in the position of our correspondent.

MR. E. W. WALLINGTON, private secretary to his Excellency the Governor, will shortly leave Sydney to take up the position of secretary to the Melbourne Club. Mr. Wallington has during his residence at Government House made many friends. To the numerous visitors he has been uniformly courteous and obliging, and in the discharge of his onerous duties he has at all times displayed great ability and tact. Few men who have held the position of private secretary to the Governors of New South Wales have been so successful in gaining the respect and esteem of those with whom they have been brought into contact. Mr. Wallington will begin his new duties towards the end of next month. His successor at Government house has not yet been appointed.

THE result of the recent revision of the electoral rolls for South Sydney, Canterbury, Glebe, and West Sydney is as follows:—South Sydney: Number of voters on the roll, 9516; number of claims, 1267. Of these 228 were admitted, 720 disallowed, and 208 were found to be already on the list. The building societies' claims numbered 105, of which the directors (3) only were admitted. In the Canterbury electorate, the number of electors on the original roll was 17,301. The number of new claims was 806, of which were added to the list 145. The deaths amounted to 37, and 151 were mere corrections. The return for the Glebe showed the number on the roll to be 4394; claims, 54; added, 16; already on the roll, 18; dead, 12; disallowed, 20. In the West Sydney electorate, with a roll of 11,204 voters, the claims numbered 204; of this number 46 were admitted, 158 were disallowed, and 2 were objected to.

WITH regard to the case of Cornwall and others v. the Universal Land Company, we are asked to explain that the decree of his Honor was that the company should carry out the contract. His Honor said that the company were wrong in insisting upon the objection made to the title, and in refusing to carry out the contract, and that the plaintiffs were wrong in refusing to give compensation in respect to the reservation.

THE well-known coasting steamer Katoomba, of the A. U. S. N. Company's fleet, is reported by telegram to have put into Keppel Bay yesterday morning with her starboard propeller shaft broken. The Katoomba was at the time en route from Bourketown to Sydney, having taken up the running of the Rockton in the absence of the latter upon her special charter to Samoa and San Francisco.

OWING, no doubt, to the threatening appearance of the weather on Saturday last, there were few visitors to the out-going London mail steamer. The Lusitania (Orient line) was very well patronised by passengers, and her cargo included, in addition to the usual variety of colonial products, 5000 carcases of mutton carried in her refrigerating chambers. The steamer got away punctually at the appointed hour, and cleared the Heads within half and hour of casting off from the company's wharf.

H.M.S. AMPHION, a telegram says, has left Coquimbo, and, it is believed, for Samoa. The Amphion belongs to the Sea Service partial deck-protected ships. She is steel-built, twin screw, constructed at Pembroke in 1883. Her rig is that of a barque. Her dimensions are: Length, 300ft.; beam, 46ft.; depth, 19ft. She is armed with six 10in. breech-loading guns, and her engine-power is stated to be 5000-horse, giving a speed of 17 knots.

ANOTHER good passage has been made to Albany from London by the Orient Line steamer Orizaba. According to time-table she would be due there to-day. She, however, arrived at her first port of call early on Saturday morning last, and it is expected that her mails, dated London, the 17th ultimo, will be delivered here on Thursday next, the 36th day out.

A NUMBER of European passengers arrived by the steamer Catterthun from China on last Saturday evening. When passing Thursday Island, the wreck of the barque Lady Douglas was sighted and passed within half a mile. She was high up on the reef, the whole vessel being exposed to view. The Catterthun's cargo this time is chiefly rice and sugar. A large line of the latter shipped as optional for Sydney or Melbourne will, it is said, be landed at this port. In addition to the variety of small birds usually found on board the China steamers, there are on board the Catterthun two very small alligators, in transit from Port Darwin to Melbourne.

A CARGO rarely brought to this port was that which arrived on Saturday last in the barque Solveig, from the port of Spain, in the island of Trinidad, British West Indies. It consisted of nearly 1000 tons of asphaltum or compact bitumen. Trinidad is famed for the immense deposits of asphaltum, found in what is termed the Pitch Lake, said to be three miles in circumference. The thickness of the deposit has not yet been ascertained. As a cargo, the captain of the Solveig describes it as the least satisfactory he ever had to deal with. The whole way across the Southern Ocean his crew were at intervals compelled to be at work down in the vessel's hold trimming the cargo, and the barque laboured and strained in the heavy seaway worse than he ever remembered her doing before.

ON the passage of the barque Northern Star from New Zealand Captain Hawkins mentions that during a violent gale from the south-east he witnessed the beautiful phenomenon of four most perfect rainbows, one within the other. The barometer fell to 29.40, and the gale at the time was one of the worst he remembers being in for some time.

ABOUT a dozen members of the Natural History Association went on a collecting excursion on Saturday afternoon to Hunter's Beach, Middle Harbour, under the leadership of Mr. John Brazier, F.L.S. A peculiar kind of shell, Purpura succincta, was obtained, also a fine specimen of Ninella stramina. About 15 other shells were obtained. A starfish, asteropsis vermicina, was found, and the following zoophytes—Sertularella indursa, sertularella sp. sextularia minima, and Eucopella canipanularia, and one Polyzoa of the species Bugnea.

A SUCCESSFUL demonstration of Don's patent smoke preventor and fuel economiser was given on the steamship Narrabeen on Saturday afternoon. A considerable number of gentlemen were present by invitation, and they were much impressed with what they saw. The visitors included a large number of the members of the Engineering Association, who took a very keen interest in the invention.

THE Rev. Dr. Jefferis gave another of the series of lectures to young men at the Pitt-street Congregational Church last evening, the subject of the discourse being "Sacerdotalism: Priestly Power from Cradle to Grave." There was a large attendance of worshippers.

AT a meeting of the parishioners of Christ Church, Enmore, held on Friday evening in the vestry of the Church, it was resolved that the trustees be authorised to transfer the land at present vested in them, on part of which the church is erected, to the Church of England Property Trust, diocese of Sydney. At the close of the meeting Mr. Frank Senior, churchwarden, handed to the Rev. J. Lintott Taylor, incumbent, an Easter offering from the parishioners amounting to £30, in token of their appreciation of his ministry.

THE intercolonial conference of delegates from the Young Men's Christian Associations of Australia held their farewell meeting in the large hall of the Y. M. C. A. buildings last night. On Saturday the delegates and general secretaries were entertained at an excursion to Parramatta River, and in the afternoon to Middle Head, where, by permission of Colonel Roberts, they were permitted to inspec the forts.

DR. F. NORTON MANNING, medical adviser of the Government, and Mr. H. Maclean, Comptroller-General of Prisons, the members of the board appointed to inquire into a branch of the case of Ernest Buttner, who was convicted of a criminal assault upon Jessie Lennox, received their commission and had an interview with the Premier on Saturday morning. It is understood that the inquiry will be begun forthwith.

A MEETING in connection with Sir Moses Montefiore Jewish Home will be held in the Synagogue this evening.

THE subject for discussion at the School of Arts Debating Society to-night is "Free Trade v. Protection."

MR. L. F. HEYDON will to-night lecture in the Bible Hall, William-street, on "The Future of Australia."

THE Natural History Association's monthly meeting will be held to-night at the School of Arts.

ATTENTION is directed to an advertisement in another column announcing an important meeting of phonographers to be held to-night in the Temperance Hall at 8. Mr. S. Cook is to preside. The business to be transacted is election of officers and adoption of rules.

THE following is the report of the Prince Alfred Hospital for the week ending 18th May:—Admitted since last report, 29 males, 20 females; discharged, 21 males, 14 females; died, 1 male, 2 females; remaining in hospital on 18th May, 1889, 126 males, 76 females. Number of out-patients treated during the week, 348; number of casualty cases treated but not admitted, 174: total, 522. There are at present 44 cases of typhoid fever in the wards. Owing to want of accommodation 10 cases were refused admission during the week.

INTERRUPTION OF THE CABLE TO THURSDAY ISLAND.

[BY TELEGRAPH.]
(FROM OUR CORRESPONDENT.)

BRISBANE, SUNDAY.

The telegraph cable from the mainland to Thursday Island is interrupted. It appears that last Thursday the steamship Victoria when turning in the harbour, lost way, and began drifting towards the reef off Vivian Point. Being unable to steam against the extra strong wind and tide, the Victoria dropped anchor, which dragged until it caught the cable, to which it hooked, thus saving the vessel from drifting on the reef. Eventually the Victoria got sufficient way on to raise the anchor, and she was moored to the hulks. She tore the cable from its fastenings on shore, but it has since been found, and buoyed. It is expected that communication will be restored in a day or two. Thursday Island messages are now being sent across by boat to Paterson, the terminal station on the main land, and are wired thence. Sub-Inspector Urquhart left Paterson with troopers for the main telegraph station to disperse the blacks, who murdered Edmund Watson on Pine-tree Station. The brother of the deceased accompanied the police.

RESPONSIBLE GOVERNMENT IN WESTERN AUSTRALIA.

APPEAL BY THE PEOPLE.

[BY TELEGRAPH.]
(FROM OUR CORRESPONDENT.)

PERTH, SATURDAY.

The *West Australian*, this morning, referring to the appeal by the people of West Australia, through the Mayor of Perth, for the assistance of the Eastern colonies in procuring the passage of a Constitution Bill during the current session of Parliament, and to the replies from the Premiers of those colonies, points out that the Governor and his advisers here, being nominees of the Colonial Office, cannot possibly ask or accept assistance in bringing pressure to bear upon their chief. It says the movement for constitutional change originated with people whom the Government did not represent, and that appeal to the good offices of their neighbours was the people's appeal, with which the Government had nothing and could have nothing whatever to do. The Government could scarcely intimate their objection to the proposed action being taken, their hands being tied by their direct connection with the Colonial Office. Great disappointment is felt that the Eastern colonies consider themselves hampered in such matters by official etiquette. The Governor, in replying to telegrams received from the Premiers at Sydney, Melbourne, and Brisbane, states that while fully appreciating the desire to assist the colony in obtaining responsible government, this Government is of opinion that all necessary to be done is being done by the Government. Mr. Gillies telegraphed to the Mayor of Perth last night, expressing a desire for the Victorian Government to assist, stating that they will be happy to instruct the Agent-General to join with others in pressing on this bill.

DEATH OF THE EARL OF MALMESBURY.

[BY CABLE.]
(FROM OUR CORRESPONDENT.)

LONDON, MAY 17.

The death is announced of the Earl of Malmesbury.

James Howard Harris, the third Earl of Malmesbury, was born in Spring Gardens in 1807. He married first in 1830, the only daughter of the fifth Earl of Tankerville (she died 1876); and secondly in 1880, the daughter of the late John Hamilton, Esq., of Fyne Court, Somerset. He succeeded his father in 1841; and was educated at Oriel College, Oxford, where he graduated B.A. in 1828. He was Secretary of State for Foreign Affairs from February to December, 1852; and from February, 1858, to June, 1859; Lord Privy Seal from July, 1866, to December, 1868, and from February, 1874, to August, 1876. He was colonel of the Hants Militia Artillery in 1854; captain of the 10th Hants Rifle Volunteers 1860. He represented Wilton in Parliament from July to September, 1841. The late Earl of Malmesbury edited the "Diaries and Correspondence" of his grandfather, the first earl. The first peer was a distinguished diplomatist.

SCENE IN THE GERMAN REICHSTAG.

PRINCE BISMARCK ATTACKED BY OPPOSITION MEMBERS.

TUMULT IN THE CHAMBER.

[BY CABLE.]
(FROM OUR CORRESPONDENT.)

LONDON, MAY 19.

A great scene has taken place in the German Reichstag. While Prince Bismarck was addressing the Chamber he was interrupted by Herr Richter, who interjected the word "Bosh." Prince Bismarck warmly retaliated by referring to Herr Richter as "impudent."

Herr Bamberger also made a violent attack upon Prince Bismarck. The Chancellor, irritated by the conduct of the two Opposition members, at once rose from his seat and left the Chamber in a rage, amidst a great tumult.

The Reichstag was adjourned till Monday.

Herr Eugen Richter is the leader of the Progressist Liberals, and is in a chronic state of opposition to the Ministry. He is unsparing in his attacks, particularly upon Prince Bismarck, and took a leading part in the recent debate on the German Army Bill. Herr Richter is an eminent authority upon finance.

THE STRIKES IN WESTPHALIA.

WORK RESUMED AT SOME OF THE COLLIERIES.

[BY CABLE.]
(FROM OUR CORRESPONDENT.)

LONDON, MAY 17.

The proprietors of one of the collieries in Westphalia have refused to entertain the terms submitted by the men on strike. The compromise which was expected to be brought about between the masters and men is thus endangered.

MAY 18.

One-third of the number of colliers on strike have resumed work.

The *Fremdemblatt* says that the Emperor William's action in receiving the representatives of the Westphalian colliers now on strike, and mediating for a settlement of the dispute, will be ever memorable, as by that action it is shown that he is not a monarch who reigns but does not rule, for his subjects who are labourers have made him their supreme mediator and the arbiter of truth.

VICTORIA.

MELBOURNE, SUNDAY.

During the week ended yesterday, 234 cases of typhoid were reported in the colony, of which thirty-three had proved fatal. Fifty-seven cases of diphtheria were also reported, 20 having been fatal.

The members of the Phylloxera Board visited the Maura Ponds district, near Geelong, on Friday, and inspected the sites of the old vineyards, to see if the pest was eradicated. They made several examinations, and in two instances found a number of insects in a dormant state.

At a meeting of the unemployed on Saturday it was announced that the Labour Bureau they had succeeded in establishing was already of considerable service. There were about 300 names on the books, and several applications had been received from contractors and other employers of labour in the country districts, whose requirements had been quickly supplied. The Government had promised free railway passes to bona-fide working men on the recommendation of the committee of the Bureau, who undertook to ascertain whether work was obtainable before sending the men away.

The Bland Holt season at the Theatre Royal continues to attract large audiences. At the Princess, on Saturday, "Yeoman of the Guard" was still proving a great success. G. C. Milne's Shakesperian season at the Opera House is receiving a large share of public patronage. At the Hibernian Hall Messrs. Brough and Boucicault's Company are playing to good business. "Shamus O'Brien," as performed by the Dampier Company is still a great attraction at the Alexandra. Mr. F. M. Clark's company gave a new programme at the Victoria Hall on Saturday night, and Professor Kennedy continues his mesmeric entertainments at St. George's Hall, drawing large audiences. Mr. M'Cabe's entertainment "Begone dull Care," at the Athenæum has lost none of its attractiveness.

A cyclorama, representing the battle of Waterloo, was opened on Saturday. The work is most artistic, and elicited general commendation. From the time of opening until the close the building was crowded.

AUCKLAND, SATURDAY.

News has been received here to the effect that the *Journal Officiel* of Tahiti announces that a French Protectorate has been proclaimed over the islands of Rurutu, Rimutara, and dependencies, in compliance with a request of King Tourourii and the principal chiefs. It is stated, however, from other sources that annexation is contrary to the wishes of the majority of the natives. The French warship Volage proceeded to the islands of Rotohunga and Manaluki for the purpose of annexing them, but found that the natives had hoisted the British flag.

News has reached Tahiti that the British ironclad Amphion was at Coquimbo on March 8, and that her supposed destination was Samoa.

ATTEMPTED BURGLARY IN MELBOURNE.

[BY TELEGRAPH.]
(FROM OUR CORRESPONDENT.)

MELBOURNE, SUNDAY.

An attempted burglary took place at the Victoria Hall, Bourke-street, some time after midnight on Saturday. Before leaving, the manager locked up the night's takings amounting to about £100, in an iron safe upstairs at the rear of the gallery. when he returned at 11 this morning he was surprised to find the safe in a small room under the stage at the opposite end of the hall. The safe was much knocked about, and when he attempted to open the door it came away altogether, but the money was undisturbed. An examination showed that the thieves effected an entrance near one of the escape doors close to the stage door leading to a lane communicating with Little Collins-street. The safe weighs about 3cwt. It is supposed the thieves were either disturbed, or that they left intending to return and finish their work.

Mackenzie; committee, Messrs. J. L. Campbell, H. Pember, T. C. Brown, A. P. Duprez, and John Holmes. The rules were considered and adopted.

The streets of Bowral were lit with gas to-night. The Mayor performed the ceremony of lighting the first lamp.

The weather is dry and frosty.

BRAIDWOOD, SATURDAY.

Messrs. Alexander Ryrie and Ninian Melville, Ms'L.A., arrived in town by special coach this morning. The latter gentleman gave an address on protection, in the large hall of the Literary Institute, under the auspices of the Braidwood Protection League, before a large audience. At the close a vote of thanks was passed to Mr. Melville. Both gentlemen, accompanied by other residents, proceeded to Araluen this evening to deliver addresses, and to form a branch Protection League.

Sharp frosts have made their appearance during the week.

CROOKWELL, SATURDAY.

The crops are being got in under favourable auspices. A large area is sown, wheat and oats receiving attention. The frosty nights are retarding the growth of pasture. Stock is in fair condition.

Large numbers of strangers are passing through the town and district, many being connected with mining, while others are in search of properties. Land of all kinds is increasing in value.

KIAMA, SATURDAY.

The Kiama life-saving apparatus was brought out to-day, and the brigade had a practice under the direction of Pilot Fraser.

LISMORE, SATURDAY.

The District Court sittings lasted three and a-half days. More than 100 cases were called on.

MURRURUNDI, SATURDAY.

A conference of stockowners and shearers is to take place at Scone on the 23rd, to discuss the shearing agreement for the forthcoming shearing.

Over 90 entries have been received for the Champion Match of the Murrurundi Reserve Rifle Company's shooting matches. There are 14 teams entered for the Teams Match. It is expected the affair will be a great success.

The Pastoral Agricultural Association of Murrurundi district have issued a prize schedule, containing 125 prizes, the value of which amounts to about £260. There are 26 sheep classes, 14 for horses, 20 for farm produce, 19 for poultry, and the other sections include vehicles, saddlery, dogs, wines, fine arts, fancy work, machinery, pigs, flowers.

NEWCASTLE, SATURDAY.

The Railway Commissioners are expected here on Tuesday. The Chamber of Commerce will interview the Commissioners with regard to the delays in the shipping of coal through the insufficiency of locomotives and other matters.

WILCANNIA, SATURDAY.

The latest river news is unsatisfactory, although the Barwon, at Walgett, registered 10ft. a few days ago, it is now 3ft. 10in. This, so far, has only given 2ft. at Brewarrina, and the river is falling rapidly at Bourke, which reports 3ft., falling. Echuca reports 6ft. 7in. This should ensure navigation to Wentworth, when light draught boats may reach Wilcannia, but not without considerable risk. The weather continues beautifully fine with cold nights. The light rains experienced lately have had a very beneficial effect on the herbage and young grasses which will carry stock well through the winter.

There are numerous inquiries from buyers for fat stock, but sellers of few weeks back have withdrawn their stock from sale for the present. A great scarcity of provisions was experienced at Wanaaring last week, the camel teams with loading being delayed by wet weather. The road to Wanaaring is now in good order, with plenty of feed and water the whole way. A flour famine is reported at Tibooburra, but two supplies are, however, daily expected by camels, one from Farina, S. A., other from Silverton. Yantora Station reports a rainfall already this year of 7in. Packsaddle Station was favoured with 4in. 87 points during April and May. The prospect of a splendid season is very encouraging.

MEETING AT FORBES.

[BY TELEGRAPH.]
(FROM OUR CORRESPONDENT.)

FORBES, SATURDAY.

At a meeting of the Forbes Crown Tenants Union held yesterday the following resolutions were passed:—1. "That this meeting is of opinion that the contingent right of renewal for a period of five years from the termination of the 10 years of the leasehold area of the runs, commencing in 1885, be made absolute." 2. "That tenant right in improvements be granted to all classes of Crown tenants, payable to the outgoing tenant by the incoming tenant, where such improvements add to the grazing capabilities of the leasehold." 3. "That rights of impounding under clause 12 of the Amending Land Bill are harsh and likely to be oppressive, and that the rights existing under Act of 1884 are ample and fair to all parties." 4. "That fencing shall be compulsory where, in the opinion of the board, it is necessary, and that in no case shall improvements be compulsory in lieu thereof." 5. "That any conditional or pastoral lessees who shall put down an artesian bore on their respective leases—such bore giving not less than 5000 gallons of good water per day of 24 hours—shall have a preferent right of purchase for 20 years of 1000 acres of such lease adjoining said bore, at a maximum price of 10s. per acre; provided, that no lessee be entitled to purchase more than 5000 acres." 6. "That all prelease holders who lost improvements on such lease by the Land Act of 1884, and where compensation was not provided for, shall have a right to compensation for such, provided that within 12 months from the passing of the Amending Act they shall lodge their applications for such." 7. "That this meeting strongly disapproves of clause 29 in the Amending Land Bill as perpetrating a gross injustice on pastoral tenants, and thinks it should be expunged. 8. "That the meeting is of opinion that the disability be removed which prevents a selector under clause 27 of the Crown Lands Act of 1884, from making a conditional purchase subject to residence, provided that five years must elapse before the conditional purchase can be made." 9. "That the resolutions be printed and sent to the Minister for Lands through the members for the district, and that all members of the Parliament and kindred societies be furnished with copies." 10. "That the proposed action of the Crown Tenants Union of Forbes, with reference to taking a test case into the Supreme Court under the 49th clause, be held in abeyance pending the decision of the Privy Council in the case of Allison v. the Minister for Lands." 11. "That, as the Crown Tenants Union of Forbes, working in the interests of pastoralists and all landowners, and being already established, and having suggested that all kindred bodies be affiliated with the Commercial, Pastoral, and Agricultural Association in Sydney, this meeting thinks it undesirable to entertain the proposal submitted to them by the N. S. W. Pastoral Association now being formed at Wagga Wagga."

THE IRISH DELEGATES AT NEWCASTLE.

ENTHUSIASTIC RECEPTION

[BY TELEGRAPH.]
(FROM OUR CORRESPONDENT.)

NEWCASTLE, SATURDAY.

Two of the Irish delegates, Mr. Dillon and Sir Thomas Esmonde, arrived to-day. They were accompanied by Mr. F. B. Freehill. Four hundred persons were present to meet them at the station, including Alderman Buchanan (Mayor of Newcastle), Alderman W. Moroney, and the committee of the local National League. They were driven to the Great Northern Hotel, where the Mayor took the chair, and cordially welcomed the visitors. The guests rested until the evening, and at the request of Mr. Dillon, no procession took place.

At the reception at the Great Northern Hotel Mr. F. B. Freehill, in responding to his health, explained that the absence of Mr. Deasy was caused by his having left for Melbourne to arrange the campaign there. In the evening about 1200 persons attended a meeting at the Elite Skating Rink, Newcastle. The Irish delegates, Mr. Dillon and Sir T. G. Esmonde, addressed them on Irish affairs. The rink presented a very brilliant appearance, and ample seating accommodation being provided, a large number of ladies were present. The delegates arrived a few minutes before 8 o'clock from the Great Northern Hotel. Immediately on entering, the whole audience rose and gave the delegates three cheers. The chair was taken by Alderman Buchanan, Mayor of Newcastle, and there were also on the platform Mr. M. H. Rushton, Mayor of Wallsend; Aldermen Gibb, Moroney, and J. R. Rogers; Messrs. F. B. Freehill, P. J. Fogarty, L. Grant, Ralph Goundry, J. J. Callaghan, O'Grady, F. B. Magney, and the Revs. P. O'Geagher, O'Gorman, Kearns, and Sheah.

The Chairman, rising, was received with an ovation, and expressed his great pleasure at being there on that occasion. He was glad to show that his heart was in the cause. He introduced the delegates amidst renewed cheering and raising of hats. Mr. J. J. Callaghan then read an address of welcome, printed in green and gold, from the reception committee, as follows:—"Dear Sirs,—As the honoured representatives of the Irish people, we offer you a heartfelt welcome to this city and district, recognising, as we do, that the loyalty, contentment, and prosperity of these colonies depends upon our right to speak a nation's voice, and own no power but a nation's choice. We fully sympathise with the demand of the Irish people for Home Rule, and fervently hope it is yet reserved as a crowning act in the noble life of the great leader of the English people, William Ewart Gladstone, to confer this priceless boon upon Ireland. We trust your mission to these colonies will be eminently successful, and that your eloquent address on the true facts of the struggle in Ireland may shame into oblivion those misstatements so industriously circulated to the prejudice of the Irish cause, and that your appeal on behalf of the suffering of the victims of rack-rented estates may continue to meet with a generous response, and to that end we pledge you our active assistance. Signed, Jas. Fletcher and N. Melville, Ms.L.A.; H. Buchanan, Mayor of Newcastle; J. Arkins, Mayor of Hamilton; H. Rushton, Mayor of Wallsend; Aldermen W. T. Gibb, M. J. Moroney, R. Goundry, and others. Another address of a similar character from the John Mandeville branch of the Irish National League was read by the Rev. F. O'Gorman.

MR. DILLON then rose, and was received with enthusiasm, the whole audience rising. He said it was very difficult to tell how much he felt the great privilege of addressing the vast assembly that evening, representing as it did the various nationalities in the colony. (Cheers.) At the very outset of what he had to say, he would take the pleasure of acknowledging the great debt he owed to the chief citizen of Newcastle for the more than courteous manner in which he and the citizens had received the delegates. He believed that the action of the Mayor would be fully endorsed by the majority of those who placed him in his high position. (Applause.) He compared the action of the Newcastle citizens with those of Lanarkshire, Scotland, who had pronounced the Irish question to be one of the greatest now agitating the minds of the English people. The great constituencies round Glasgow had also declared that liberty for Ireland was the only true basis of the unity of the two countries. (Loud applause.) When he and Sir T. G. Esmonde came to this city their first idea was that it was called after the wealthier and larger city in that island from whence most of them came, and he could not but remember that they had given them one of the most unanimous welcomes yet received in Australia, and that Newcastle was one of the foremost to take up the cause of liberty. (Applause.) It had been said they had no right to introduce the old world quarrels into a young country like this, and those who said this should not be afraid to hear the delegates' statement of the case. Even those who looked upon the Irish question from a different standpoint to the national party, if they expected to see the question amicably settled, and see two great nations so long opposed to each other settled down under one Government, they must feel that some other way must be found out of the difficulty rather than that of hurling accusations against his countrymen simply because they were Irishmen. (Applause.) In his opinion those were the real traitors to Ireland and her peace, who did all in their power to maintain an unhappy ill-feeling. (Applause.) The speaker at some length reviewed the change in public opinion upon the Irish question of late years. The English Radicals found their interests were to assist the Irish members, and not oppose them in settling the Irish question; they had found there could be no real union between two peoples unless that union was based upon the principle of liberty for both. The question of Home Rule had forced itself into every corner of the earth, and would do so until Ireland had the same rights as those persons now before him enjoyed. (Applause.) He did not intend to say much upon the Irish land question. They had not millions of acres yet unalienated, as New South Wales had, and he warned them that the monopoly of land that had been the cause of excessive rents in Ireland might be so here, for in no country in the world was so much rack-renting as in Ireland. He contended that landlordism was the great enemy of prosperity in every country, and he pourtrayed at great length its evils in Ireland, especially the sufferings of the evicted tenants. He referred to the adverse and untruthful criticism they had been subjected to; he could wish such critics no worse fate than in some way to taste the cup of bitterness placed to the lips of thousands of Irish tenants. It was much more easy to criticise strugglers for liberty than to take part in the fight itself. (Loud applause.) He knew he was addressing a large industrial community, and he would remind them that the struggle in Ireland was for the emancipation of labour, and securing for those who laboured with their hands a fair remuneration, before it was all swallowed up by pampered landlords who lived out of the country, and had got more than a fair share of what they never earned. His hearers could judge the sufferings of Irish farm labourers, when he told them that the average wages were only 1s. per day. (Shame.) He described the condition of thousands worse than many domestic animals in the same country, and passed on to compare the present Irish agitation with the English Revolution of 1688 and the French Revolution of 1789. He maintained that there never was a movement for freedom characterised by less crime. In the French Revolution the streets ran with blood, but the French peasantry never suffered like the natives of Ireland at the present day. Whatever agrarian crimes might have been committed, the moral responsibility rested with those who were perpetrators and not upon the leaders of the movement for Home Rule, who had risked life, liberty, and led their fellow-countrymen out of slavery. (Prolonged cheering.) When the true history of the movement was written, the writer would be obliged to confess that in the record, although it was undoubtedly stained by crime, stood out in bold noble contrast to the revolutions in other countries under similar circumstances. (Renewed applause.) He passed on to describe the advantages which England, Scotland, and Wales enjoyed. They demanded for Ireland real trial by jury, freedom of association, freedom of public meeting, and freedom of representation. He gave instances of packed juries to ensure convictions, and maintained that the death of police officer Donegal was brought about by his own rash vindictive proceedings in attempting to arrest Father M'Fadden. After describing actual instances of brutality on the part of the police in Ireland which he had witnessed himself, he asked them as Australians how they would like to be served in that way? He drew a picture of the terrible misgovernment at Dublin Castle, which actually caused the agrarian riots in Ireland, and maintained that, where the population was starving, the landlord had no right to demand rent, and yet this had not only been done, but whole districts had been put under martial law. (Shame.) In spite of all internal troubles, his suffering countrymen had raised £30,000 to defend Mr. Parnell against the most iniquitous charge ever made against a man. (Groans.) He spoke with pride and love of that love of country and kindred which animated the Irish race in all parts of the world. Not one who had come to Australia but had sent home some portion of his earnings to pay off the back rents. (Applause.) The leaders of Home Rule had, therefore, engaged in a hard struggle to save all this and to lighten the burden of Irishmen all over the world. The day was not far distant when Ireland would contain an independent population—no longer a race of down-trodden people, but one brave and free. (Prolonged applause, followed by three cheers for Mr. Dillon.)

The Chairman moved that subscription lists for evicted tenants' fund be now opened. Mr. J. B. Magney seconded the motion, which was carried unanimously.

SIR THOMAS GRATTAN ESMONDE, who was loudly cheered, said that he had come prepared with notes to make an elaborate speech, but the lateness of the hour prevented this. He need not say how glad he was to see such an immense, enthusiastic meeting, and thanked them for their sympathy and practical help; but, remembering the nature of the community, he could not expect anything else. (Applause.) He refuted the charge of robbery made against the representatives of the Irish people. If there was any robbery at all he though it was all on the other side; in fact, a systematic plan of robbery had been perpetrated upon Ireland for centuries. He gave a few statistics to prove the unjust manner in which the Irish people were taxed, referring to legislation, and said he would sooner have bad laws in Ireland made by Irishmen than good laws made by Englishmen. This might be a bad frame of mind, but such was the case. He denied that Home Rule would destroy Ireland, and was proud to see a Scotchman presiding over their deliberations. (Applause.) He was also glad to see Englishmen and native Australians with him on the same platform, and believed the Home Rule agitation would do more to cement the British Empire than anything Lord Salisbury or Mr. Balfour could devise. (Groans for Mr. Balfour were called for and given.) He hoped the day would come soon when it would be no more a reproach to be called Irish than French, English, or German. He felt certain that the Irishmen in Australia would in the near future play no unimportant part in its history. (Applause.)

The Chairman here announced that the collection reached £520.

The Mayor of Wallsend made a vigorous speech, and moved the next resolution:—"That the meeting is in favour of a full measure of Home Rule for Ireland." (Loud applause.) Mr. Ralph Goundry, late miner's chairman, seconded, and the chairman put the resolution, which was carried with enthusiasm.

Mr. Dillon proposed a vote of thanks to the Chairman. As far as he could recall it was the first meeting presided over by the Mayor of the community. (Applause.) The Chairman acknowledged the compliment, and the proceedings terminated. Three cheers were given for the Delegates, who were then driven back to the Great Northern Hotel amidst cheers from the crowds outside.

SUNDAY.

Mr. Dillon and Mr. Esmonde left for Sydney by the 6 o'clock tram to night.

CASUALTIES.

Shortly after 7 o'clock on Saturday evening the Ashfield Volunteer Fire Brigade was called upon to extinguish a fire in a heavy scrub, off Church-street, Ashfield, and in close proximity to a number of dwellings owned by the Land Company of Australasia. Captain Rogers, with 11 men, soon got the engine to work, and prevented any serious damage to property.

About 10 o'clock on Saturday night a man named John Todd, aged 37 years, residing Cicely-street, Leichhardt, was proceeding to his home in company with some friends when he fell over a wall near the Lord Carrington Hotel, Darling-road, Balmain, a distance of 6ft. He was taken home, and subsequently seen by Dr. Burgoyne, to whom he complained of a numbness in the lower part of the back. He died shortly after 4 o'clock yesterday afternoon. A report will be sent to the coroner.

About 8 o'clock yesterday morning a fire was discovered in a bootmaker's shop, occupied by G. Gent, and situated at No. 104, Regent-street, Redfern. Three rooms on the first floor, together with the contents, were burnt out with the roof off; the ceilings underneath were damaged by fire and water, and the stock in the front shop was slightly damaged by water. The outbreak was extinguished by the M. F. B. with standpipes, assisted by volunteer companies. While working at the fire, Fireman Lang had his foot badly injured by molten lead, which ran into his boot. The premises belong to Mr. D. O'Connor, of Cleveland-street, Redfern. The contents were insured for £1000 in the City Mutual Insurance Company.

LAYING A MEMORIAL STONE.

The laying of the memorial stone of the Marrickville Congregational School Hall took place on Saturday afternoon, in the presence of about 100 people. The Rev. Dr. Roseby presided, and on the platform were the Revs. T. Owens Mell (chairman of the Congregational Union), R. Wilson, R. Dey, Warlow Davies, Dr. Gill, and Messrs. J. Plumb, M.L.A., Joseph Graham (Mayor), and C. Moyes (ex-Mayor). A letter was received from Rev. Dr. Jefferis apologising for his absence. The proceedings were opened by the children singing a hymn, and prayer was then offered. Dr. Roseby, after alluding to the occasion on which they met, and the great pleasure he experienced in being present, went on to explain some of his views with regard to the education of children. If, said he, they were to do anything with the manhood of the incoming generation, something would have to be done for them while they were still young. In this and the other colonies there was a great deal of "ostrich culture," that is to say, the children were allowed to grow up anyhow—no parent's hand restraining them—and this culture would have to become a thing of the past before we could claim the position of a great nation. The children would have to be trained up in the fear of God, and the Gospel must ever be kept before their eyes. He then called on Mr. Gill, superintendent and secretary, to read the statement which was put in the bottle in the stone. The statement set forth that, feeling the want of a school-hall, a committee was appointed in March last, and plans were gratuitously drawn up by Mr. Hurst. The tender of Mr. Butterworth for £472 was accepted. The stone having been lowered, Mr. Graham declared it well and truly laid. The collection amounted to £54 14s. 7d. In place of the customary trowel and mallet, Mr. Graham, on behalf of his wife, was the recipient of a silver egg-boiler. Mr. Mell and Mr. Dey having spoken, and a vote of thanks having been passed to Mr. Hurst, the honorary architect, the service was closed by the benediction being pronounced.

AMUSEMENTS.

THE BROUGH AND BOUCICAULT BENEFIT.

We are glad to be able to announce that the special performance in aid of Mr. Brough and Mr. Boucicault, generously and ably organised by Mr. George Rignold, was the greatest possible success on Saturday afternoon. A lengthy but capital programme was gone through without a single hitch of any kind, and the public got full value for their money. That money, we are happy to state, amounted to the sum of £220, which, together with outside subscriptions, will result in Mr. Brough and Mr. Boucicault receiving a cheque for nearly £500. This cash, together with that realised in Melbourne, will go a long way toward relieving the young managers of their immediate and greater loss. That they have plenty of friends was amply demonstrated by Saturday's matinée, when the extensive accommodation of Her Majesty's Theatre was utilised by a well-pleased and sympathetic audience. The members of the theatrical and musical profession, ever ready on these occasions to extend a helping hand, combined in producing an exceedingly attractive entertainment. Mr. Rignold gave the free use of the theatre, and as chairman of the influential committee worked hard and successfully in the cause. The afternoon commenced with the overture to "Romany Rye," under the direction of Mr. Frank Eugarde, in the course of which Mr. George Wilson sang the "Romany Lass." Then the curtain rose on the last act of the play named, and the audience was loud in its applause of the striking, well-managed, and grand scenic effects here displayed. Mr. Rignold and Miss Roland Watt-Phillips acted Jack Hearne and Gertie Heckett. In a miscellaneous entertainment Mr. A. R. Lawrence made a hit by his powerful recitation of Tennyson's "Godiva," and Miss Frances Saville met with the warmest demonstrations of approval for her sweet, unaffected rendering of "Dear Bird of Winter." Mr. Henry Bracy also was heartily applauded for his pleasant rendering of the musical setting to Poe's "Annabel Lee." Mr. John Gourlay realistically recited the "Story of a Tramp." He would, however, have made more effect had he not been "made up." Miss Lucia Harwood meant well, but lacked the fire and force which are necessary to give full meaning to "The Maniac." The chief musical feature of the afternoon was the precision and delicacy with which the orchestra, under the skilled direction of Signor Hazon, played the very beautiful march from "Leonore." Signor Hazon is a conductor who infuses his personality into those surrounding him, and that personality is fraught with rare musicianly skill and enthusiasm. The march was magnificently played. Another musical item deserving of special recognition is the charming singing by Miss Flora Graupner of "It was a Dream." This young lady has a lovely soprano voice, of exquisite softness and compass. Her style is good, her manner natural. She undoubtedly has a future in store. The honorary pianoforte-player was Miss Naylor. In "Bardell v. Pickwick" the greatest success was made by Mr. Rignold, who, as the judge, gave vent to a sly rich humour that fairly convulsed the house throughout the entire sketch. Mr. Frank Thornton was a voluble Serjeant Buzfuz, and Mr. E. W. Royce was a clever and vastly amusing representative of Sam Weller. Mr. H. Leston was also very funny as Nathaniel Winkle, and Mr. Charles Brown made a good crier. Much amusement was caused by the swearing in of the jurymen (there were thirteen of them empannelled, by the way), and by the sentences passed on the absentees, all the jurors being selected from among the benefit committee. The proceedings terminated with a selection from the burlesque "Little Jack Sheppard," in which Mr. Royce, as Blueskin, sang, in his own quaint, inimitable manner, the famous "Ri-too-ral!" the chorus being sustained by various actors and actresses, who, unfortunately, were not in costume. A body of players, be they popular or otherwise, should not appear on the public stage in their ordinary attire. It destroys that illusion which is necessary in the theatre. A number of music-hall performers were introduced in the scene mentioned.

In the evening "The Romany Rye" was played to a crowded audience, who were highly pleased with the many exciting scenes and situations which this melodrama contains. So great is the success of this play that it is anticipated that it will run for quite another month to crowded houses.

MUSIC HALLS.

The Alhambra was patronised by an audience filling the building in every part, and their appreciation of the performance was amply testified in the hearty applause bestowed upon the different ballads, sketches, and dances provided. The programme undergoes a complete change to-night.

The Variety Company at the Haymarket also drew a crowded house. The singing was exceptionally good, and the jokes and witticisms of the negro minstrels thoroughly enjoyable. The company announce a change of programme this evening.

THE AQUARIUMS.

The Coogee and Bondi aquariums, remarkable now for their splendid Saturday afternoon entertainments, were the rendezvous on Saturday of a very large number of pleasure-seekers. At Bondi the Japanese tumblers gave a thrilling act in addition to the humorous sketches provided by special artists and Professor Jackson's clever aeronautic feats. The attraction at Coogee was the natatorial exhibition given by the accomplished swimmers, Messrs. Corbett, Parkinson, and Walker.

THE CYCLORAMA.

The cleverly depicted battle of Gettysburg at the Cyclorama in George-street had an undoubted share of the public patronage on Saturday, both afternoon and evening, and everyone proclaimed the spectacle to be a wonderful representation of the historic conflict named above.

SKATING RINKS.

The skating rinks, as capacious as they are, were almost uncomfortably filled on Saturday evening by visitors eager to witness some exciting racing events. When these were concluded the "rinkers" had possession of the floor until a late hour, and thus the managements avoided any cause for complaint on the part of those inclined to indulge in what might fairly be called "the poetry of motion." At the Trocadero Rink, Newtown, there is announced the first appearance of Professor Bass, champion hurdle jumper of New Zealand.

ATHLETIC CARNIVAL.

The athletic carnival held at Phillip Park on Saturday afternoon was attended by about 300 people. The principal part of the performance consisted in equestrian feats. Several wild horses were saddled, bridled, and ridden, two of them proving regular buckjumpers. One of them unseated his rider twice, and then C. Samuels mounted the animal, and after a brilliant display of rough riding, thoroughly conquered the horse. Another equestrian, after an unsuccessful attempt, succeeded in sitting the same horse. A wrestling match on horseback resulted in an easy win for Samuels, and a broadsword combat between Blake and Parker was not concluded, Blake discontinuing the contest. An amusing tentpegging match was won by Samuels.

THEATRE ROYAL.

We must again remind our readers that the run of the pantomime is fast drawing to a close. "Sinbad the Sailor" will be seen no more after Friday evening, so lovers of capital scenery, lively music, and good acting have no time to lose. The pantomime is capital in all respects, and should not be missed.

GAIETY.

Mr. John F. Sheridan opened his season here on Saturday night to a crowded and well-pleased audience. "Fun on the Bristol" was well played, and its reception proved that its popularity in this city is by no means exhausted. Mr. Sheridan repeats his well-known impersonation of the Widow O'Brien, and is as laughter-provoking as ever. He is well supported, especially by Mr. H. M. Imano, who was deservedly encored more than once on Saturday for his excellent rendering of several songs.

STANDARD.

Mr. Pitt Hardacre's sensational and military drama, a rough and ready, but very acceptable piece of its kind, is being presented here by Miss Marian Willis, who has a very fair company. The prices are popular, and this is an opportunity for the public who patronise melodrama to see one at cheap prices.

CRITERION.

"Mamma" is likely to be played here for the better part of the next fortnight, and although the play is by no means what is desirable, Mr. Frank Thornton is undeniably funny in it, and "My Milliner's Bill," which is played in conjunction with Mr. Grundy's adaptation, is a bright duologue.

An advertisement appears in another column in reference to the skating carnival, which is to take place in the Metropolitan Rink on Friday.

DUNDAS MUNICIPAL ELECTION.

The first election of aldermen in connection with the newly-formed municipality of Dundas took place on Saturday. Twenty candidates put up for the nine seats, and great interest was taken in the proceedings. The result was that the party opposed to incorporation were triumphant, and placed a majority in the council. Mr. W. H. Monckton acted as returning-officer. Following is the number of votes polled in each instance:—Elected: Jas. Fulford, 121; Alex. Eyles, 119; Geo. Spurway, 116; Jos. Franks, 114; Jeffry Grime, 97; John Ryan, 96; James Souter, 91; William Midson, 77; George Adamson, 72. Unelected: T. M. Williamson, 69; C. W. Mills, 66; William Spurway, 60; S. Goold, J.P., 58; T. O'Neil, 52; R. W. Cowell, 47; E. Atkins, jun., 34; George Hodge, 20; Neil Harper, J.P., 18; Edgar H. Swane, 16; George Gregory, 10. The official declaration will take place this morning.

DOUBTFUL COCOAS.—A caution is issued by Messrs. Cadbury warning the public against those Cocoas which are erroneously called pure, which contain about 4 per cent. of added alkali, &c. The absolute purity of Cadbury's Cocoa is guaranteed.—[ADVT.]

RELIGIOUS SERVICES.

"UNITARIANISM": A REPLY TO DR. JEFFERIS.

The Rev. Geo. Walters, pastor of the Hyde Park Unitarian Church, last evening, replied to the recent lecture of Dr. Jefferis on "Unitarianism." The church was crowded. As a preliminary the rev. gentleman acknowledged the fair spirit in which the subject had been grappled by Dr. Jefferis, though, at the same time, he remarked, it was very easy to speak flatteringly of those who differed, because it gave the appearance of liberality, of broad sympathy and charity; and it earned the approval of those who had what were called liberal tendencies. Unitarianism was taken up as one of a number of isms by which men were haunted at the present day; but they were assured the preacher did not imply that Unitarianism haunted men with gloomy thoughts; it rather appealed to their reasoning faculties. The eloquent preacher of Pitt-street said he was willing to admit that the main difference between what was called orthodox Christianity and unitarian Christianity, although at first sight it seemed insuperable, belonged in a great degree to the realm of the unknowable. Now, that seemed to him a very important admission. It seemed there were certain great fundamental principles of religious faith upon which Unitarians and orthodox Christians were alike agreed. The difference arose only where orthodox Christians accepted doctrines which belonged to the "realm of the unknowable." They had a common basis so long as they remained upon the grounds of reason and experience, and the difference arose when the orthodox sought to penetrate into the unknowable—when they liked to lay stress upon that about which they knew nothing. After taking up such a position, it did seem inconsistent for the preacher to say that he opposed Unitarianism because its central doctrine about the person of Christ was contrary to that held by the vast majority of Christians in all ages—a doctrine which, if generally accepted, must lead to the abandonment of Christianity itself. It certainly appeared as though Dr. Jefferis's desire to speak liberally had clashed with his desire to save his reputation for orthodoxy, and between the two desires his logic came to the ground. "Unitarianism had no divine and settled faith; it was but the via media leading to pure Theism." So said Dr. Jefferis. There appeared to be an improvement in this great controversy. Some time ago they were told that Unitarianism was leading to atheism; now they were told that its tendency to the abandonment of Christianity was simply the "via media to pure Theism." They did not require this well-defined and settled creed which it was said they lacked. Change and development were the conditions of a natural and healthy life, and when they were told they had no binding form of faith, and that, therefore, there must be diversity of opinion, they replied, "Better Joseph's coat of many colours than the prison uniform." After briefly glancing at the historical sketch given by Dr. Jefferis, Mr. Walters said that in modern Unitarianism, a change which the Congregational pastor looked upon as a great loss, they saw a great gain. They had freed themselves from the corruptions of later centuries, and had practically returned to the simple and more beautiful faith of Christ Himself. This question of the nature of Christ was the main question in the present discussion. "If Unitarianism triumphed, Christianity must go," said Dr. Jefferis. Did they agree with him? Yes, if by Christianity he meant the superstructure of doctrine and dogma built up by priests of the Church through many centuries. But no, if by Christianity he meant the foundation principles of faith, hope, and charity, as found in the life and teachings of Jesus of Nazareth. They said yes if Christianity was synonymous with superstition; they said no if Christianity meant a free and liberal faith, unfettered by ancient creed or dead dogma. They were often represented as denying the divinity of Christ. He had never denied, nor did he intend to deny it. It was the deity of Christ they denied; they rejected the dogma of his Godhead. Let there be no misapprehension. They believed in Christ's divinity as they believed in the divinity of every good man and woman. Christ might be more divine than the rest of mankind, but his nature was such as we all possessed. Dr. Jefferis had not attempted to establish the doctrine of the Godhead of Jesus; he had wisely avoided that controversy, knowing probably, as well as the Unitarians did, that the doctrine could not be proved from the Scriptures. In reply to the reference to the smallness of numbers, Mr. Walters said that the first distinctively Unitarian chapel in England was only established a little over a century ago. Since then there had been considerable progress, although Unitarians had never tried to attract mere crowds of ignorant and credulous persons. There was an influence greater than could be shown in mere numbers. Such a sermon as that delivered by Dr. Jefferis could not have been delivered if the Unitarian movement had not been influencing both himself and his congregation. The aim of Unitarianism was to give men a rational faith, in harmony with philosophy and science. The world was wanting less theology and more religion. Be their numbers large or small, they would stand for freedom and fellowship in faith. The misunderstanding and prejudice of to-day could not stop the onward march of mankind. The thoughts of men must continue to widen with the process of the suns.

SACERDOTALISM: PRIESTLY POWER FROM CRADLE TO GRAVE.

"Sacerdotalism; Priestly Power from Cradle to Grave," was the subject of the lecture to young men delivered by the Rev. Dr. Jefferis, at the Pitt-street Congregational Church last evening. There was a large congregation. To sacerdotalism he joined the words, "priestly power from cradle to the grave," by which he intended to signify claims set up for the whole of the Christian life from the beginning to the end of the Christian's career. He had often wondered how it was that among peoples like our own, with whom liberty of thought and action had become, as it were, the very breath of their nostrils, it should be possible in the domain of religion, to set up claims and to win obedience to claims which were absolutely destructive of real liberty. Did religion differ so much from politics and from social life that what was absolutely demanded in the one was scarcely sought in the other? Should we look for an explanation of this anomaly in the indifference which was said to be growing daily in matters of faith, or was it to be found in the undue absorption of the human mind in material things, so that men were only too glad to delegate to others all their responsibility in spiritual things; or was it in the thought that since the Lord Invisible was the sole autocrat of the universe, the principles of democracy found no place in the government of His earthly realm? Perhaps there is something in the first of these reasons. Certainly there was indifference enough on the part of many—they were not concerned enough about religion to protest even against its manifest abuses—and certainly others, not only those lower souls who gave themselves up to the pursuit of money, but the higher souls, who were quite content with this visible universe and with the investigation of its phenomena, were quite willing to let others do for them in the realm of religion what they had no time and no inclination to do for themselves. From whatever source it came, this arbitrary power in the realm of religion was altogether too prevalent, even now. In Christendom, where we should least expect to meet it, there was an excess of human spiritual authority. In one great church, a spiritual despotism was openly maintained, and claims had been maintained in this generation over the minds and consciences of Christian men which could scarcely have been asserted in the Middle Ages. In another great Church, in which the genius and piety of the English people found chief expression, a large and apparently increasing number submitted to a religious domination which ought not to be possible to Englishmen. He would confine himself to the Anglican Church or the Church of England. Some might say that since he did not belong to the national Church he had no right to criticise its polity; but surely he had a right as a thinker and teacher to consider and speak on any subject of large interest, involving the spiritual welfare of a large number of his fellows. He might also reply that everything in this Church concerned him so long as it claimed to be the Church of the nation. Referring to the recent Church Congress held in Sydney and the question of the union of the Churches, he said the English National Church, with more than half the English Christians outside its pale, could present no method of union with these—nay, no method even of fraternising with them. There was a probability of union with the Greek Church, and even a possibility of union with the Roman Church—but union with the separatists, none! The errors of the Greek and Roman Churches were valid, but the so-called errors of systematic Presbyterians, Methodists, and Congregationalists were utterly false and invalid. The reason for this scandalous and intolerant view of Christian ministers and Christian churches was the sacerdotal theory, implicitly received by half the clergy of the Church of England and practically acquiesced in by most of the other half. It was against this theory, both in its doctrine and in its practical aspect, that he spoke. They believed the doctrines which were spoken of as sacerdotalism to be opposed to the teaching of Scripture and altogether unwarranted by the practice of early Christendom. The chief dogmas of sacerdotalism—the Apostolic Succession, Baptismal Regeneration, the Real Presence (by which was meant the old dogma of Transubstantiation), Confession, and Absolution—were then defined; extracts (having reference to the Apostolic Succession) being given from the writings of Dr. Littledale, Archbishop Whateley, Deans Stanley and Lightfoot. Having alluded to some of the practices of those who lived in the Middle Ages, and who adhered to the dogma of the Apostolic Succession, Dr. Jefferis summed up in a syllogism as follows:—"Every one in the long line of Apostolic succession has received from Christ power to ordain to His ministry; but some who have been in this line of Apostolic Succession have lived infamous lives—therefore Christ has given power to men of infamous lives to ordain ministers of His Gospel." In conclusion he again affirmed that sacerdotalism was contrary to Scripture; it denied Christ, and from the cradle to the grave it never relaxed its grasp upon the human soul. To young men he would say, "Stand fast, therefore, in the liberty wherewith Christ hath made you free, and be not entangled in this yoke of bondage."

MEETINGS.

YOUNG MEN'S CHRISTIAN ASSOCIATIONS' CONFERENCE.

On Saturday and yesterday the intercolonial conference of Young Men's Christian associations was continued at the Y. M. C. A. Buildings, Pitt-street. The conference, which was opened last Monday, held their farewell meeting last night. It is believed by the delegates that the gatherings will result in considerable benefit to the associations throughout Australasia, as at the sessions much has been learned by comparisons of views and modes of work. Ideas have been exchanged and new ones have been developed. Throughout the week the delegates and general secretaries have been assiduous in their duties, but the public interest taken in the proceedings has not been as keen as could be desired. The delegates included:—New South Wales: Rev. Robt. Steel, Ph. D., Rev. James Jefferis, Rev. W. Kelynack, D.D., Rev. Chas. Bright, his Honor Mr. Justice Stephen, Messrs. Hugh Dixon, Thos. Rowe, F.R.I.B.A., J. P. Walker, Hon. E. Vickery, M.L.C., Messrs. J. H. Goodlet, A. C. Doutty, B. H. Chapman, W. G. Crane, John Kent, Rev. J. D. Langley, Messrs. A. M'Pherson, W. H. M'Clelland, R. M'Lean, J. S. Mollison, R. Nall, John Pepper, Thomas Pepper, Jas. Robertson, E. K. Satchell, J. H. Walker, R. A. Warden, and D. Walker, general secretary. Newcastle—Messrs. W. Tolley, W. Arnott, Rev. J. Blanksby, G. D. Wyley, D. C. Noble, W. Redfern. Goulburn—P. O. May. Victoria W. A. Southwell, general secretary; Rev. Allan Webb, Rev. W. Gray-Dixon, M.A. South Australia—J. J. Virgo, general secretary, C. H. Goode, C. Goode, D. Garlick. Queensland—H. J. Fairfax, general secretary; Andrew M'Naught, D. Watt. New Zealand—T. H. Smeaton. On Saturday these gentlemen and many friends of the work were entertained by Mr. Thomas Rowe, F.R.I. B.A., at a picnic to the Parramatta River, on board the s.s. Birkenhead. Luncheon was served at Cabarita at 1 o'clock, and during the afternoon the excursionists were conveyed to Middle Head, and, by the kindness of Colonel Roberts, permitted to inspect the forts. A gymnastic display was given here by the members of the Y. M. C. A. Gymnasium, under the direction of Mr. W. G. Renshaw, the physical instructor. In the evening a young men's meeting was held in the large hall of the Y. M. C. A. building. Mr. D. Walker presided, and the gathering was addressed by Mr. T. H. Smeaton. Yesterday morning a consecration meeting was held, and in the afternoon Mr. W. Southwell delivered a discourse on Bible study. At 5.30 a workers' tea took place, and in the evening a men's meeting was held in the large hall. Mr. D. Walker presided, and the principal address was given by the Rev. Allan Webb. The farewell meeting followed, at which the speakers were Messrs. Southwell, Virgo, and Tolley.

UNIVERSITY UNION.

On Friday last the weekly meeting of the Union was held in St. James's Parish Hall. Professor Scott, president of the Union, took the chair, and there were present a large number of members and ladies. Mr. R. R. Garran, B.A., read a paper on "History and Fiction: How they are connected, and how far they are identical." Mr. Garran said: "History and fiction together form by far the largest part of the literature of every nation on the face of the earth. In these terms is included the whole range of drama and the whole range of poetry, as well as an immense number of prose works which partake more or less of the nature of either. It is therefore important to notice the relation that exists between them; to distinguish the special characteristics of each, and to note where they meet and where they overlap. It may appear at first sight that they have very little in common; that one deals with realities, the other with unrealities; that their paths lie in widely different, if not in opposite, directions, and that, therefore, it would be easier and more natural to contrast than to compare them. He would be able to show that this is not the case, and that not only is there a strong resemblance between the two classes of literature, but that to a great extent they are absolutely identical. By this statement he did not mean to disparage the value of history or to assert that it has no scientific basis to work upon, but merely to insist upon the importance of the imaginative element in its composition. 'Read me anything but history,' said Walpole, 'that is sure to be false.' Very few people will be disposed to admit the literal truth of this apothegm, but many will agree that taken in a certain sense it is not without foundation, and that that foundation must be looked for in the present preponderance of the imaginative over the scientific in history. It will be readily conceded by all who admit the educational influence of drama and romance that their purpose is to elevate and refine the mind of the reader by giving him a clearer insight and a wider knowledge of human character, by familiarising him with the attitude of great men in trying and critical circumstances, by warning him to avoid their mistakes, and to emulate their virtues, and above all by intensifying his admiration of what is good and his detestation of what is bad. History has precisely the same purpose, so that there is an identity of aim, as well as an identity of means by which that aim is achieved. This in itself might lead one to conjecture that the two were intimately connected in substance, and the conclusion seems fully justified by further enquiry. At the close of the paper Mr. Garran was greeted with loud applause. A short discussion ensued, during which the meeting was addressed by Professor Scott, Mr. H. A. Russell, B.A., Mr. A. G. Laddington, B.A., Mr. R. Windeyer, Mr. H. Davis, and Mr. W. A. Walker, B.A. A unanimous vote of thanks was accorded to Mr. Garran for his able and interesting paper.

MODEL LODGING-HOUSE COMPANY OF SYDNEY, LIMITED.

The annual general meeting of the Model Lodging-House Company of Sydney, Limited, was held in the company's house, Kent-street North, on Tuesday, the 14th instant, when the directors made their usual report and submitted the company's balance-sheet to the end of the financial year 31st March last. The chairman, Mr. Louis Philips, in moving the adoption of the report, said that the result of the past year's operations, after setting aside an amount sufficient to cover the ordinary depreciation in the furniture and effects, showed a profit of £173 3s. 1d., which was less than that of the preceding year, although the expenses had been materially reduced. The board had thought it advisable recently to reduce the charge from 5s. 3d. to 4s. 6d. per week to those who paid in advance, and he hoped that this would cause the house to be better patronised, and the accommodation and convenience offered by the company to be better appreciated by the classes for whose special benefit the lodging-house was established. He suggested for the future consideration of shareholders the question of retaining unused a large area of land having frontage to Kent-street, which if sold would reduce the company's liabilities by a large sum of money, and effect a saving of interest now an annual charge." Mr. Thomas Littlejohn deprecated any immediate action, and expressed the opinion that with the favourable season which the recent copious rains in the interior promised, there was every reason for expecting improvement in the takings of the house. It was generally lamented that a house calculated to bed 240 men in a most cleanly, healthful, and comfortable manner, with the advantage of reading room, baths, and other accommodation, should show so small an average nightly attendance as that of the month just passed—90 lodgers. Allusion was made to the necessities of the times having driven many private families into accepting lodgers to enable them to pay their rents. It was claimed, among the successes of the house, that it had established a better standard among the common lodging-houses than had prevailed before its opening. The report and balance sheet were unanimously adopted. Messrs. William Beaumont and George Robert Harrison were re-elected directors, and Mr. Wm. Laing was re-elected auditor. A vote of thanks to the board of directors and honorary secretary concluded the business.

Cargo: 900 bags maize, 56 kegs butter, 12 cases cheese, 9 bales hay, 90 hides, 4 casks tallow, 3 cases fish, 10 cases eggs, 2 coops fowls, 1000ft. sawn timber, 500ft. box stuff, 80 pigs, 11 calves, and sundries.

The Messageries Maritimes mail steamer, from her Noumea trip, returned last evening and brought up in Watson's Bay. She will come up to the Company's wharf this morning and at once commence to load for Marseilles, via ports. The Sydney left Noumea on the 16th, and had fine weather on the run up.

The barque Robert S. Besnard was berthed at Town's Wharf on Saturday; and the barque Naiad was towed to a discharging berth at the western side of the Circular Quay the same day.

A small steamer has been launched to ply upon the Richmond River and connect with the coastal steamers owned by Mr. B. B. Nicoll, M.L.A., to whose order the river boat has been completed. The builder is Mr. Henry Hardman, of Balmain, and the engines and boiler were respectively supplied from the workshops of Messrs. Halliday Bros. and Messrs. Overall, Norman, and Co. The steamer was christened the Tatham. She is fitted up for passengers very comfortably, and should prove a useful little vessel at the Richmond.

The Douglas Dearborn is to load at Newcastle for Acapulco under home instructions.

The Robert S. Besnard came up from Watson's Bay on Saturday morning. The notice of her arrival from New York appeared in Saturday morning's issue. The vessel was built at Nova Scotia, and is in command of Captain M. J. C. Andrews. Her owners are Messrs. Scammell Brothers, of New York and St. John's, New Brunswick. She was built in 1882, and has the appearance of a vessel well cared for. She left New York February 2, and had a run of head winds for the first few days. The N.E. trades were poor. Crossed the Equator in 27° W., and had very light S.E. trades down to 35° S. Off the Cape had some very bad weather—indeed all the way down the easting a heavy cross sea prevailed. The Cape of Good Hope was passed April 14, and a sea broke on board which filled the decks fore and aft, including the saloon and staterooms. The wind very boisterous, was most unsteady. Captain Andrews says he thinks he never saw such a wild sea as prevailed off the Cape. The only damage done was slightly tearing up the channels. On May 14 Tasmania was rounded, and from there to arrival a high glass with fine weather prevailed. It is Captain Andrews' first visit to Sydney, though he mentions that his brother was out here in the Dimandra about 12 months or so ago. The Robert S. Besnard's destination from this port is not known at present.

The barque Earl Granville, Captain T. Teulon, arrived last night from Lyttelton, with a cargo of wheat. She left there May 2, and had fine weather up to the 9th, then very hard gales of wind from the N.W., lasting to the 11th, during which tremendous bodies of water were shipped, some going down the chain lockers. Afterwards, to the 14th, fine weather and then a very heavy S.E. gale, which lasted for 18 hours. Fine weather succeeded thence to port.

The barque Northern Star, of Mr. J. C. Ellis's fleet of intercolonial traders, is from Dunedin. Captain Hawkins has been away but a day or two over seven weeks, during which he has loaded, carried, and discharged a coal cargo and loaded his present cargo of produce, so that the round trip has been a most satisfactory one. He left Dunedin on April 30, and passed Cook Strait on the 5th current in company with the Brazilliera, which had left Dunedin within a few hours of the Northern Star, and was bound to the Clarence River. (The Brazilliera arrived there on Saturday last.) From Cook Strait to the 8th May had light W.N.W. winds and calms till making latitude 39° S. 170° E., when a heavy gale from E.S.E. was encountered. The barometer fell to 29·40, and a fearful sea was running. A peculiar feature of the storm was that there were four rainbows, one below the other visible simultaneously. After the gale, fine weather was met with to arrival.

The Norwegian barque Solveig, Captain Gjertsen, from Port of Spain, Trinidad, has a cargo of asphaltum. She left Trinidad January 28, and had fine weather in the North Atlantic. Light N.E. trades lost in 3° N. Crossed the equator in 29° W., and had a run of light airs and calms. Poor S.E. trades were met with, and had the usual variable weather to the meridian of the Cape of Good Hope on April 4 in 40° S. Made the easting in 39° S. to 43° S., with bad weather nearly the whole time down to Cape Leuwin. The ship made very bad weather of it, due, the captain says, to the stiff nature of the cargo; had a very heavy gale off the Leuwin, on the 3rd instant, wind veering from N.W. to W. and W.S.W. It blew with great violence, and the seas were making clean breaches over the vessel. In order to save the ship from damage, hung out bags filled with oil, and the experiment proved most successful, though the oil was used in pretty large quantities. The bags were hung out, one from each cat head, and one over each quarter. There was a hard and heavy sea, and the ship was rolling, bulwarks under. At every opportunity the crew were sent below to trim the cargo. From the Leuwin had a three days' run variable weather, very unsettled to King Island, passed on May 14, and from there southerly winds to arrival here, on Saturday, at 2 p.m. The destination of the Solveig has, so far, not been determined.

THE MAIL STEAMERS.

The Orient Company's R.M.S. Lusitania, hence to London, via ports, passed Gabo Island at 10 a.m. yesterday. She is due at Melbourne this morning.

The R.M.S. Orizaba (Orient line) with the inward mails via Suez to date April 21, arrived at Albany early on Saturday morning, and left again at half-past 5 a.m. for Adelaide. The Sydney portion of her mails should arrive here on Thursday next.

The P. and O. Company's R.M.S. Britannia arrived at Plymouth on the morning of the 17th instant.

The P. and O. Company's R.M.S. Rome left Suez for Australia on the morning of the 17th instant.

THE CATTERTHUN.

On Saturday evening the Eastern and Australian Company's steamer Catterthun, in command of Captain J. W. B. Darke, R.N.R., brought up in Watson's Bay from Hongkong, via ports. The first thing yesterday morning pratique was granted to her and she proceeded to the company's wharf at Miller's Point. Her cargo is largely composed of sugar and rice. Among the curiosities on board are two small alligators from Port Darwin for Melbourne. The steamer has as usual arrived in the pink of order and the passengers she brought are highly pleased with the company's well-known liberal arrangements for their patrons' comfort, as well as with the accommodation the Catterthun possesses. Since the steamer left here last no changes whatever have taken place in the personnel of the officers. Following is the report of the voyage:—The E. and A. Company's steamship Carterthun, 1406 tons, J. W. B. Darke, R.N.R., commander, left Hongkong at 4.20 p.m. on the 23rd April with a full cargo. Experienced fresh to moderate east to S.E. and south winds with moderate sea and fine clear weather across the China sea; entered Mindoro Strait at 11 a.m. on the 26th ultimo, passed Sumboeangs at 8 a.m. on the 28th, Banka Passage at 10.40 p.m. 29th, Manipa Straits at 8 a.m. on the 1st May, anchored off Port Darwin at 8.4 p.m. on the 3rd instant, and entered the harbour next morning, having been stopped several hours off Cape Fourcroy by thick blinding rain. From Mindoro to Basilan Straits experienced light variable winds and calms with smooth sea, and very fine weather, then fresh to moderate and light easterly breezes, with passing showers to Manipa Straits, thence equally rainy weather, with strong S.E., east, and N.E. winds to Port Darwin. Discharged 212 tons cargo into company's hulk, received quantity of cargo, and left Port Darwin at 8 a.m. on Monday, 6th instant. Had fresh to moderate and light N.E. and easterly breezes, with fine cloudy weather, occasional showers, and smooth sea to Thursday Island, which was reached at 10.30 a.m. 9th instant; left again at 2 p.m. same day, and arrived off Cooktown at 8.26 a.m. 11th. Discharged 40 tons cargo, and left at 1.50 p.m. same day, and anchored off Cairns at 10.50 p.m. Discharged 20 tons, and left again at 2.10 a.m. 12th, anchored off Townsville at 6 p.m. same day. Discharged 90 tons, and left at 2.50 a.m. 13th. Reached Cape Moreton at 1 a.m. 16th, took pilot, proceeded up the bay, and anchored at Brisbane Bar at 4.55 a.m., received pratique at 8.30, lighter came alongside at 9, discharged 80 tons and left at 4.40 p.m., passed Cape Moreton at 8.25 p.m., and anchored in Watson's Bay, Sydney, at 6.30 p.m. 18th; 8.30 a.m. 19th received pratique and proceeded to company's wharf. From Thursday Island to Cairns, moderate and light E. and S.E. winds prevailed, with slight showers and fine weather, thence calm and light variable winds to the Percy Group, then strong southerly wind and heavy rain, with considerable head sea to Sandy Cape, the wind and sea moderating to Moreton Bay. From Moreton Bay had fresh to moderate S.E., S., and S.W. winds and dull weather, with frequent showers of rain until off Bird Island, when the weather cleared up. Thence light airs and fine weather to port.

POLICE.

Mr. C. Delohery, D.S.M., presided in the Charge Branch at the CENTRAL POLICE COURT on Saturday. John Kennedy, 31, charged with inciting a prisoner to resist a police-constable whilst in the execution of his duty, was fined 20s., with the alternative of one week in gaol. Edward Willard, 19, labourer, for cruelly treating a horse in Castlereagh-street by working it whilst in an unfit condition, was ordered to pay a fine of 40s., or go to gaol for 21 days. Lizzie O'Keefe, 14, charged with being under the age of 16 years and having no lawful visible means of support, was ordered to be sent to the Industrial Schools at Parramatta.

Mr. Benjamin Lee, D.S.M., presided in the Charge Division of the WATER POLICE COURT. Michael Mullane, 25, bricklayer, was charged by warrant with deserting his wife. Prosecutrix's information was to the effect that on the 20th ultimo she was compelled, under reasonable apprehension of danger to her person, to leave her husband; her husband formerly kept Bottomley's Hotel, Woolloomooloo; he had sold the hotel for £200; she had two children, and required 30s. per week for her support. Mullane went into the box, and admitted that he had sold the hotel for £189; when he had met just claims upon him the cheque would be swamped; he could earn 10s. a day as a bricklayer, and was willing to contribute £1 per week towards his wife's maintenance. His Worship ordered Mullane to pay £1 per week towards his wife's support during the ensuing 12 months, and costs, amounting to £1 6s. 10d. Mullane was also ordered to find sureties for the payment of the £52, or in default 12 months' imprisonment.

Mr. H. Byrnes, J.P., disposed of the business at the Parramatta Police Court. Stephen Stainer, charged with cruelly ill-treating a horse by working same with a sore shoulder, pleaded guilty, and was fined 40s.

CORONER'S INQUEST.

CRUSHED UNDER A STONE.

The City Coroner (Mr. J. C. Woore, J.P.) held an inquest at the Coroner's Court yesterday morning relative to the death of a man named David Popplewell, aged 37 years, who died at the hospital on the previous day from the effects of an accident at the Lands Office extension. Mr. Urquhart appeared on behalf of the contractor, and Mr. M. A. Williamson watched the case for the deceased's widow. The deceased was a married man, of temperate habits. William Pritchard, dogman, stated that on Friday morning he was working at the Lands Office extension, in company with the deceased, who was setting a stone which was being lowered in the usual way; he was guiding the stone into its position, when the dogs gave way and the stone fell on to the plank whereon deceased was standing, and the plank gave way; deceased and the stone fell to the ground, for a distance of about 14ft., and the stone rolled over and fell across deceased's legs; the plank fell against the wall; deceased was in charge of the laying of the stone, and gave directions to the other men; before the stone fell the deceased said the dogs were drawing, and he jumped from the wall to the plank and gave orders to lower; if the deceased had remained on the wall at the time it was said that the dogs were drawing he would have escaped the stone.

At this stage the inquiry was adjourned till Tuesday.

SMOKE PREVENTOR AND FUEL ECONOMISER.

PUBLIC EXHIBITION OF DON'S INVENTION.

An invention, which seems destined in a remarkable degree to lead to the mitigation of what is popularly known as the smoke nuisance, was on Saturday afternoon exhibited at work on board the steamship Narrabeen in the presence of a considerable number of gentlemen who take an interest in scientific matters. The invention is known as Don's Smoke Preventor and Fuel Economiser, for which it is stated no fewer than 36 patents have been obtained in various countries. The instrument is nothing more than an air injector fitted above the door of each furnace, and so contrived that it sucks the air from the atmosphere and delivers it with great force upon the surface of the fuel. The effect of this is to drive the atoms of oxygen into contact with the atoms of hydrogen and carbon the instant they are born, the result being visible flame. By this chemical union not only is the flow of volumes of dense smoke charged with smut prevented, but the furnace is kept at a much more even temperature than under ordinary conditions, and a saving of fuel is effected which is represented as being so great that with the new smoke preventor in use less than £90 worth of coal will generate a volume of steam equal to that for the production of which under ordinary conditions the consumption costs £100. Four of Don's injectors were used on Saturday, one being applied to each furnace. The Narrabeen first proceeded as far as Cockatoo Island, thence she made a trip to Manly and back to Circular Quay, the time occupied in steaming being 2½ hours, and the vessel doing about 10 knots an hour. From time to time during the journey to Manly via Cockatoo Island the stokers fired up, abundant evidence of this operation taking place being afforded by the outburst of dense volumes of black smoke. Then, after the lapse of a few seconds, the signal was given for the injectors to be brought into use, the steam valves were opened, and the result was instantaneously apparent. The outflow of dense smoke was at once cut off from the funnel, and there succeeded it a flow of curling vapour. A few seconds later this vapour issued in so clear a condition that it strikingly resembled the vapour to be seen rising from the ground on a warm summer day. Meanwhile the colour of smoke, carried away by the wind, had assumed the dimensions and appearance of a large black cloud. The demonstration on Saturday was given under the direction of Mr. G. A. Key (consulting engineer), in the presence of the members of the Engineering Association, Mr. John Storer, Ph.D., Mr. F. W. Jackson (of the Union S.S. Co.), Mr. F. J. Thomas (of the Hunter River Company), Captain Creer (of the Clarence and Richmond River Company), Mr. Thomas Midelton, Mr. Henry Hudson, Mr. Nicoll, M.L.A., Herren Dienemann and Anders (engineers of H. I. G. M. S. Olga), and a large number of other gentlemen.

DR. DE JONGH'S LIGHT-BROWN COD LIVER OIL.—In cases of chronic cough its efficacy is unequalled. Dr. Hunter Semple, Physician to the Hospital for Diseases of the Throat and Chest, writes:—"I have long been aware of the great reputation enjoyed by the Light-Brown Cod Liver Oil introduced into medical practice by Dr. de Jongh, and have recommended it with the utmost confidence. I have found Dr. de Jongh's oil very useful in cases of chronic cough, and especially in laryngeal disease, complicated with consumption." Sold only in capsuled imperial half-pints, pints, and quarts, by all chemists. Sole consignees, Ansar, Harford, and Co., 210, High Holborn, London. Agents at Sydney, Elliott Brothers.—[ADVT.]

ANTHONY HORDERN and SONS, PALACE EMPORIUM, HAYMARKET, (ONLY). FAMILY DRAPERS, FAMILY GROCERS, UNIVERSAL PROVIDERS.

In domestic life there are favourite corners wherein to sit and be comfortable; wherein to enjoy the sweets of home, and to partake of toothsome feasts prepared by the hands of love. Cosy corners where one may revel in the works of favourite poet or author, pleasantly cogitate over the warm blaze of one's "ain fireside" in winter time, and wrathfully do battle with the mosquitos during the months of summer. From puss who purrs and blinks on the hearth-rug to the head of the house in "the old arm-chair," this conservatism of corners or locations holds good. Turn the cat out of her place and her back's up and her hairstands on end. Attempt to shift the "boss" and there's the devil to pay. As it is in home circles, so it is in the wider domain of business life, and so it is at

THE PALACE EMPORIUM, HAYMARKET.

There are favourite corners all over this much-favoured house, where people assemble as regularly as the sun rises and sets, and with a punctuality that rivals old Sol himself, whose regular habits are proverbial, and whose light is the glory of creation.

More than one favourite corner is to be found in ANTHONY HORDERN and SONS' EVER-BEAUTIFUL SHOWROOMS.

Indeed, so full of corners of this description are they, that in spite of ordinary rules and terms expressive of shape and form, it may be said that they are all corners. A pleasant corner indeed is that devoted to LADIES' JACKETS and MANTLES.

Much frequented. Generally full. Often crowded. Nice people assemble there, people of taste and judgment, ladies who lead the fashion in the little world of Sydney, citizenesses of renown, dames of high repute in social circles. At the opening of a season, as now when the winter is commencing, the popularity of this particular corner is more than ever apparent, for ladies naturally enough like to see the fashions, and they know of no better place for the purpose than

THE PALACE EMPORIUM, HAYMARKET.

WHAT IS THE FASHION!

"To be, or not to be: that is the question."

There are many novelties this season, and not a few exceedingly pretty styles.

TIGHT JACKETS

seem to rule the roost, and very taking they are. For young ladies there is nothing so nice; for them these jackets are most appropriate, giving an air of becoming grace to the graceful form of budding womanhood. They are worn short in the waist, and some dandy ones of cloth, in nice colours, daintily ornamented with beads and braid, have been considered quite the thing. In PLUSH they are specially attractive, the richness of the material and the rich brown shades being peculiarly effective. SEALETTE is a favourite material, almost like PLUSH, much cheaper, and finding many patrons. In jackets as above described this new SEALETTE shines out well, looking almost as well as the more expensive plush.

Returning to CLOTH JACKETS, there is a style which is very becoming. It is shaped to the waist, yet loose-fitting and fastened on the shoulder with two or three large buttons. These will be found in Meltons, Tweeds, and every description of fancy cloth. Another one is a tight-fitting jacket in fancy colony cloth, fastened at the waist and trimmed with watered silk or moire reveres. These jackets are in an endless variety of shades. And so the list might be continued did space permit.

MANTLES, both of SEALETTE and PLUSH, are much worn, and a very pretty style is that with long fronts garnitured with pompoms and fancy cord. There is a PLUSH DOLMAN of this character which is ever so striking. It has the long fronts mentioned, and is tastefully trimmed with tails of fur. These are most charming and suit any figure.

PALETOTS and DOLMANS in plush come next. They are sometimes worn long, long enough to reach within an inch or two of the bottom of the dress, and as comprehensive, comfortable, sensible garments for cold weather wear cannot be excelled.

ULSTERS are in all kinds of plain and fancy cloths, in coat or sling shape, the latter being made with under sleeves. Dolman shape ulsters are also asked for, and the new Russian shape with double fronts is a great favourite.

As usual at the commencement of the season there is a good inquiry for FURS. Ladies like to look, even if they do not intend buying just yet, and of course it is a pleasure to show them.

FUR BOAS are worn as long as ever, and the sort which when put on stand out "like quills upon the fretful porcupine," only in softer and more agreeable fashion, are much in request. FUR VICTORINES, most suitable for elderly ladies, are in full assortment, and will be asked for as soon as our dear old friends begin to feel the cold west winds. FUR CAPES are as plentiful and cheap as ever. FUR DOLMANS are numerous and beautiful, and every fur-growing animal in both hemispheres has been sought after to make them. Some special ones with pompoms are indeed nice.

Medical, Chemicals, &c.

STEEDMAN'S SOOTHING POWDERS FOR CHILDREN CUTTING TEETH. CAUTION TO PURCHASERS.

The value of this well-known Family Medicine has been largely tested in all parts of the world and by all grades of society for upwards of FIFTY YEARS. Its well-earned extensive sale has induced SPURIOUS IMITATIONS, some of which in OUTWARD APPEARANCE so closely resemble the original as to have deceived many purchasers. The proprietor therefore feels it due to the public to give a special caution against the use of such imitations.

Purchasers are therefore requested carefully to observe the four following distinctive characteristics, without which none are genuine:—

1. In every case the words JOHN STEEDMAN, Chemist, Walworth, Surrey, are engraved on the Government stamp affixed to EACH PACKET.
2. Each SINGLE POWDER has directions for the dose, and the words "John Steedman, Chemist, Walworth, Surrey," printed thereon.
3. The name Steedman is always spelt with two EE's.
4. The manufacture is carried on solely at Walworth, Surrey.

Sold in packets by all Chemists and Medicine vendors, at 1s 1½d and 2s 9d each. Sold in Sydney by ELLIOTT BROTHERS.

ABRAHAM'S PILLS

Are prepared entirely from the vegetable Materia Medica, and do not contain any mercurial or mineral preparation whatever, and as they gently stimulate the liver and act mildly on the bowels, will be found exceedingly useful where habitual costiveness exists, and being also tonic in their character no feeling of weakness or prostration will be experienced after taking them, as is often the case after ordinary pills.

As a general family medicine they are invaluable, for they may be safely taken by either sex at any time; and as no alteration of diet or confinement to the house is necessitated they will be found particularly beneficial, for they can thus be taken directly any symptoms of indisposition appear.

In boxes, 1s, 2s, 5s.

Prepared only at the Laboratory, 434, GEORGE-STREET, SYDNEY.

Horses and Vehicles.

MAKE NO MISTAKE.—I only keep first-class horses, and am above resorting to the deceptions commonly practised. I have now ready a carriage pair second to none in the city, a brougham, a sociable, and a lady's horse, pair of black ponies, 14 hands, and a child's pony, with saddle and bridle, all choice handsome animals properly broken to trams, saddle, single and double harness. I have just opened a consignment of superior harness, in double and single, small and large, brown and black leather, silver and brass mounted rugs, mats, lamps, and whips, which I am offering below ordinary wholesale price. Next week I shall have on view a consignment of superior hooding single buggies, and, being peculiarly adapted for ladies' use, being low and easy in and out, which will be offered at equally low prices. Horses, clipped, broken to tram, &c. Letters attended to. C. J. NEWALL, Oxford LIVERY and LETTING-OUT SALES STABLES, Riley and Goulburn-street, off Oxford-street. N.B.—Please send your address, and a card giving full particulars will be sent you.

IMPORTANT TO STUD MASTERS.

FOR PRIVATE SALE.

The Blood Stallion METAL, the property of Lord William Beresford, 7 years, by Sterling from Fair Vestal, by Vespasian from Rosamond, by King John from Seclusion, dam of the celebrated Hermit.

Metal was only beaten by a short neck as a three-year-old for the Goodwood Cup by Althorpe, the noted stayer of the day. He was then taken to India, where he won the Viceroy's Cup and all the principal races of the year, beating th Australian cracks, Statesman and Sting.

METAL will be on view at BROWN BROS. in a few days, and studmasters should not neglect this opportunity of securing a highly-bred horse and first-class performer.

UNSOLD PORTION of the PICTURES and other Works of Art in the Bankrupt Estate of Messrs. Burgess, Warehousemen, Dublin, comprising the RARE VALUABLES removed from Messrs. Wright, Heaton, and Co.'s premises, Pitt-street, where they were warehoused and insured against fire
for
FIVE THOUSAND POUNDS
(£5000),
amongst which are
the
GRAND ENAMELS,
the value of which
CANNOT BE OVER-ESTIMATED.

Also, some
FINE CASTINGS IN OLD BRONZE.

BEAUTIFUL SPECIMENS
of
OLD ENGLISH
and
CONTINENTAL POTTERY
in
VASES.

TEA, COFFEE, DESSERT and DINNER SERVICES.

. The Pictures are 43 in number, and of these 20 are guaranteed works by the GREAT MASTERS. The undermentioned are NOTABLE examples of those to be offered, and are well deserving of special mention; and as they are undoubtedly the FINEST PRODUCTIONS EVER SEEN in the AUSTRALASIAN COLONIES, their merits cannot be too forcibly brought under public notice, or too highly extolled.

The grand and very large GALLERY PICTURE representing "Adam and Eve in the Garden of Eden," is a magnificent work, guaranteed by Andrea Vaccaro. Our First Parents being represented full length, painted with perfect symmetry of form and with extraordinary delicacy of finish, the flesh tints being most natural. Its value, when removed from Santry Court, was estimated at ONE THOUSAND GUINEAS. Another very fine and valuable GALLERY PAINTING of great prominence in the collection, "Apollo and Daphne," two superb figures painted with inimitable grace and finish, the accessories to this great and charming work consist of masses of the choicest of Flora's productions, and attending Cupids, and various symbolical designs. Guaranteed the joint work of Peter Paul Rubens and J. J. Baptiste. Valued at TWELVE HUNDRED GUINEAS at the time of removal from Santry Court.

MAGNIFICENT PAINTING OF THE NATIVITY, in fine condition, by Murillo.

GRAND CIRCULAR PAINTING ON PANEL, "Holy Family," by Bartolo.

THE VEGETABLE STALL, painted with wonderful realism by Jordean and Snyders (guaranteed). One of the most attractive pictures in the collection.

PORTRAIT OF THE SECOND LORD SANTRY in his Robes, painted at Santry Court by Sir P. Lely.

PORTRAIT ON LORD KILWARDEN, painted at Kilwarden Castle, Dublin, by Rothwell, the great Irish Portrait Painter of the 18th century. This nobleman was assassinated in the year 1802.

PORTRAIT of LORD NORBURY, by Rothwell.

PORTRAIT OF THE DUKE OF BUCKINGHAM, by Kneller.

PORTRAITS OF CHILDREN OF THE SANTRY FAMILY, by NETCHER.

PORTRAIT of RICHARD WAREHAM, ARCHBISHOP OF CANTERBURY, by Hans Holbein.

HIGHLY FINISHED PORTRAITS OF LADIES, by Mignard.

BEAUTIFULLY PAINTED PORTRAIT OF A LADY OF THE COURT, in the reign of Louis XIV., by Mignard.

FOUR LARGE PANELS of OLD GOBELIN TAPESTRY, formerly hung in the Tapestry Room at Santry Court.

A FEW PIECES OF OLD ENGLISH and FRENCH FURNITURE.

NEWTON and LAMB respectfully announce that they will sell by AUCTION, on WEDNESDAY, 22nd May, at 11 a.m., at the AUSTRALIAN AUCTION ROOMS, No. 8, SPRING-STREET,

The UNSOLD PORTION OF THE ESTATE in re Burgess, warehouseman, bankrupt, Dublin,

MATCHLESS ENAMELS, PORCELAINS
TAPESTRIES and BRONZES.

The valuable works comprised in this important collection are to be sold by order of the High Court of Bankruptcy, Ireland, in the Estate of the Messrs. BURGESS, Dublin.

THE UNIQUE OPPORTUNITY
now afforded by the above circumstances of acquiring works
of the
HIGHEST MERIT
by some of the
GREATEST MASTERS
of their time is one which cannot fail to be appreciated
by those
CONNOISSEURS
who may avail themselves thereof to inspect,
and inspecting discover an inestimable advantage of possessing them.

MONETARY AND COMMERCIAL.

SATURDAY EVENING.

In the Stock and Share market to-day the following sales were reported:—Joint Stock Bank, new issue, 84s.; Bank of North Queensland, 60s.; Australian Gaslight, new issue, 8.

Referring to the banking statistics of the colonies, of which in our last article we gave the leading features for the first quarter of the year, we find that the increase of deposits amounted to £1,173,058. In New South Wales there was an increase of £403,128, in New Zealand £272,713, in Victoria £164,932, in South Australia £138,495, in Tasmania £138,776, and in Queensland £98,043. In Western Australia there was a decrease of £43,029. The higher rates allowed by the banks doubtless account for the fact that the deposits bearing interest increased by £1,907,593, while there was a decrease of £963,311 in the amount of deposits not bearing interest. In the note circulation, the total amounting to £5,813,681, was less on the quarter by £161,455. In New South Wales, Queensland, and Tasmania there had been increases of advances by the banks. In the other colonies there had been reductions, but the figures, on the whole, gave a net increase for the quarter of £824,874. As the deposits had increased by £1,173,058 there was an excess of deposits over advances of £348,684. This was due, of course, to the raising of deposit rates generally, and in the second place to the check given to advances in Victoria particularly, but also in other colonies. The increase of deposits over advances during the quarter, contrasts most markedly with the increase of the increases of advances over deposits during the year, this excess amounting to no less than £6,829,586. The movements of coin and bullion in the respective colonies show increases of £446,020 in Victoria, £44,224 in South Australia, £105,150 in Queensland, and decreases as follows:—New South Wales, £260,090; New Zealand, £83,862; Tasmania, £4420; Western Australia, £3026; giving a net increase of £243,996 for the quarter. The liabilities to the public having, however, increased considerably, the outcome of the whole figures shows a proportion of reserves to liabilities of 16·49 per cent. as compared with 16·42 per cent. in the previous quarter. In each quarter the banks had reserves equal to about 8s. 3½d. in the £. The banking situation in Australasia was practically unchanged. But ordinarily, the resources of the monetary institutions would be expected to be greater in the first quarter of the year, after the receipt of the proceeds of the wool clip and wheat crops, than in the last quarter. A deficiency of 300,000 to 400,000 tons in the grain harvests of the colonies has necessarily been felt in diminution of deposits and coin, and the maintenance of advances.

Following up the question of the repudiation of Russia of a part of its monetary obligations by the enforced reduction of its interest rate on the conversion of its bonds, the *Economist* discusses the question of the rights of English holders of foreign bonds. The debts on foreign bonds, according to the judgment of Sir George Jessel (the late Master of the Rolls) are simply debts of honour, and are at least as difficult, if not as impossible, to recover by legal methods. It is, however, questioned whether when a financial firm, such as the Rothschild's syndicates a foreign loan, and then issues it to the public legal liability is not cast on the firm. However, the best efforts at redress would be made by moving the London Stock Exchange to enforce the rule which reads:—"The committee will not recognise new bonds, stock, or other securities issued by any foreign Government that has violated the conditions of any previous public loan raised in this country, unless it shall appear to the committee that a settlement of existing claims has been assented to by the general body of shareholders." The *Economist's* suggestion is practically that if aggrieved holders of Russian bonds only moved the London Stock Exchange committee against the proposed conversion, the Russian Government would pause before venturing to violate its engagements. It is very fairly contended that because the credit of a country has improved it has no right to convert its loans to a reduced interest rate, to the prejudice of its creditors until the date of maturity. What a splendid thing it would be for the colonies if they could only convert £140,000,000 of debts ranging from 4 to 6 per cent. into a like amount of stock bearing only 3½ per cent. interest, about the average rate of their present credit.

The London tallow market has slightly improved, and prices have advanced from 10s. to 15s. per ton.

Dalgety and Company, Limited, report the receipt of the following cablegram:—"Tallow: Market is more animated. Good to prime beef and mutton improved 10s. per ton; other sorts, 15s. per ton. J.M. mixed tallow sold at £25 2s. 6d. in public sale. Wheat: Weak. Wool: Some inquiry exists on basis of closing rates of last series."

Goldsbrough, Mort, and Co., Limited, report having received the following cablegram, dated London, May 17, 1889:—"Tallow: Market shows a hardening tendency for fine quality. Market advanced 6d. per cwt. on all sorts. For middling quality market advanced 6d. to 1s. per cwt. on all sorts."

The Australian Smelting and Refining Company's (Limited) London telegram of May 17 quotes standard silver at 3s. 6¼d. per oz., and soft Spanish lead at £12 12s. per ton.

The Robert S. Besnard arrived from New York with large general cargo; and the Solveig, from Port of Spain, Trinidad, with a cargo of asphalt.

The Earl Granville arrived last night from New Zealand with a full cargo of wheat.

The Catterthun (s.), with Eastern produce, arrived from Hongkong, including a considerable quantity of sugar.

The China Navigation Company's steamer Chingtu sailed to-day for Hongkong, via ports. Included in her cargo was shipped 1700 tons coal and 8 boxes sovereigns (£4150), and sundries.

The Orient Company's R.M.S. Lusitania left to-day for London, via ports, with 294 bales wool, 87 bales sheepskins, 31 bales furskins, 27 bales basils, 1075 bags bark, 3043 bags (105 tons 15cwt. 0qr. 16lb.) ore, 6951 ingots (50 tons) copper, 63 casks tallow, 1044 cases meats, 4732 carcases mutton, 18 pieces beef, 1 box sovereigns (£3000), 1 box watches (£100), 59 cases pearlshell, 32 cases gum, 4 sacks seed, 24 cases wine, and sundries.

MELBOURNE, SATURDAY.

There was a very excited market in silver, and a large number of shares changed hands. Centrals were in especial favour, and realised further good advance. Block 10 were largely dealt in, but without much change in prices. Junctions, Round Hills, Souths, South Extendeds, and Bonanza placed at rising rates. Not much business was done in gold companies. Working Miners, North Johnson's, Cornish, and Chesney Cobar sold lower.

Sales.—Broken Hill, £29 17s. 6d., £30 2s. 6d.; Block 10, 56s. 6d., 53s.; Block 14, 99s., 100s.; Junction, 23s., 24s. 6d.; South, paid, 36s., 38s.; British, 61s. 6d., 62s.; Centrals, paid, 34s., 36s. 9d.; Centrals, new issue, 32s.; New North Brokens, 21s.; Pinnacle Tribute, 18s., 17s.; Round Hill, 57s., 61s.; Victoria Cross, 6s. 4½d., 6s. 9d.; Chesney, 14s.

ADELAIDE, SATURDAY.

Share Report.—Sales: Baker's Creek, 75s., 76s. 6d.; Mount Moor, 9s. 3d.; Broken, £30, £29 18s., £29 19s.; Block 14, £5 1s., £4 19s. 9d.; British, paid, 61s. 3d., 63s., 62s. 6d.; Block 10, 56s., 50s. 6d., 52s.; South, paid, 35s. 6d., 37s. 6d.; Centrals, paid, 33s. 9d., 36s. 6d., 34s. 4½d., 37s., contributing, 31s. 7½d., 36s. 4½d., 34s. 9d., 35s. 9d.; Junction, 21s. 9d., 24s. 6d., 24s. 3d.; North, 21s., 22s. 6d., 22s., 23s.; Bonanza, 4s. 6d., 4s. 2½d., 4s. 4½d.; South Block 5 at 2s. 4½d., 2s. 6d; New Broken Hill Extended, 2s. 4d., 2s. 5½d.; Black Prince, £2 1s. 10d., £2 1s. 11d.

SILVERTON, SATURDAY.

At an extraordinary meeting of shareholders in the Great Northern Proprietary Syndicate held at Allison's Hotel on Friday, it was resolved to wind up the affairs of the syndicate and distribute the available balance amongst the shareholders. Mr. Leo Brice was appointed liquidator, and a meeting to confirm the resolutions was fixed for Monday week. Roughly speaking, 8s. per share will be forthcoming providing the resolution is confirmed. The Mount Darling Silver-mining Company's tunnel is in 164ft., the country breaking fairly well and the lode is 2ft. wide. Pinnacles Tribute Extended will have steam in both boilers at end of week to run the mill. The engine, shafting, jigs, circulating pumps, and ore bins are fitted up, and everything was found all right. Mr. Holly, engineer, will come out and make a start.

BROKEN HILL, SATURDAY.

Block 10 usurps all our attention here now, and the frequent changes in the nature of the material are most exasperating. There are now 7ft. in the lode, and another mutation has taken place. There is now more kaolin and iron, and less of the quartz stuff was apparent yesterday. This material is of much poorer quality than that was reported yesterday to give from 30oz. to 50oz. of silver per ton. To-day the press representatives accompanied Mr. Patton below, where the face of the crosscut was found to have altered in appearance since the previous visit of the press party. Mr. Patton himself said in conversation that the vein was not looking so well to-day, but, of course, he could express no opinion on what operations now going on might reveal.

BERRY AGRICULTURAL ASSOCIATION.

[BY TELEGRAPH.]
(FROM OUR CORRESPONDENT.)

BERRY, SATURDAY.

The annual meeting of the Berry Agricultural Association has been held recently. The treasurer's report showed a credit balance of £733. The entries for the late show totalled 2668 and the gate receipts amounted to £119. The secretary's report indicated general prosperity. The next annual show will be held on the 12th, 13th, and 14th February, and the spring show in October next. A ploughing match will take place in June.

C. BRANDAUER AND Co.'s Circular Pointed Pens write as smoothly as a lead pencil, and neither scratch nor spurt, the points being rounded by a new process. Seven prize medals awarded. Sold by all storekeepers. Works, Birmingham, England.—[ADVT.]

General Merchandise.

IT ALWAYS HAS BEEN AND ALWAYS WILL BE unto the end of the Chapter that people will vary in their opinions as to whether we should have FREE TRADE or PROTECTION in this THE QUEEN CITY OF THE SOUTH, but so far as the TWO MILLION SEVEN HUNDRED and NINE THOUSAND CUSTOMERS of JAMES KIDMAN, who visit his Establishments at Oxford-street, and George and Market streets, are concerned,
Why,
"They Get There Just the Same"
for White Sugar, No. 1 Pieces,
at
Twopence halfpenny per lb.,
when they know the
Colonial Sugar Refining Co.
have increased their price £4 per ton,
and he "id est,"
JAMES KIDMAN
has
REDUCED HIS PRICE £4 PER TON.

No doubt it seems marvellous, but nevertheless it is a fact, and while purchasing the twopence half-penny White Sugar they also obtain Fitch and Sons', Mortons, or Finn's and Fisher's prime English Hams, from 7lb. up to 14lb., at one shilling per lb.; and the celebrated Gold Medal brand Condensed Milk at sevenpence per tin, or Dairymaid brand milk at sixpence per tin, and the world-renowned brand Petroline full-weight Sperm Candles at five pence half-penny per lb.; and they terminate by ordering their dozens of Foster's, Boar's Head, Bulldog, and Pig Brands of Ales and Stouts, Robertson's Whisky, Penfold's South Australian Wines, Almonds, Raisins, Figs, Biscuits, and Pommery and Greno's pints and quarts Champagne, to be forwarded by our waggons to Newtown, Petersham, Burwood, Croydon, North Shore, Manly Beach, Watson's Bay, Balmain, Randwick, Coogee, Surry Hills, Waterloo, &c., &c.

Yours truly,
JAMES KIDMAN,
Oxford-street, and George and Market streets.
Sydney, May 15, A.D. 1889.

P.S.—The fact of J. K. having reduced his sugar £4 per ton has increased the number of his customers to TWO MILLION EIGHTEEN HUNDRED and EIGHTEEN, who still get there just the same for White Sugar, Twopence Halfpenny per lb.

ABRIDGED PROSPECTUS of THE DOUBLE REEF GOLD-MINING COMPANY, No Liability, BAKER'S CREEK, HILLGROVE, NEAR ARMIDALE, N. S. W. (See Large Plans herewith.)

CAPITAL, £32,000, in 64,000 SHARES at 10s EACH.

£2,000 of which go to the owners as part payment for their interest.
8,000 are held in reserve for future contingencies, and
24,000 are now offered to the public (10,000 of which are applied for by the present proprietors) on the following terms, viz.:—1s on application, 1s 6d on allotment, and the balance in calls not exceeding 6d per Share, at intervals not less than two months; and of the amount so subscribed the sum of £1500 is to be paid to the present owners as part consideration for the property and to partly recoup them for the outlay actually incurred.

PROVISIONAL DIRECTORS:
FRANCIS ABIGAIL, M.L.A.
G. MORRIS SIMPSON, Glencoe
H. R. SMITH, O'Connell-street
JOHN MOORE, Armidale
A. LOMER, George-street South
E. E. BRETT, Macquarie-place.

BANKERS: CITY BANK.

SOLICITORS: Messrs. WANT, JOHNSON, and CO.

BROKERS:
S. BYRON BALY, 20, Bond-street, Sydney
VANN and ROBERTS, King-street, Sydney
LARNACH and PYM, Collins-street, Melbourne
J. NORTHMORE, Adelaide.

This Company is being formed for the purpose of acquiring the following mining leases and mining thereon for gold, viz.:—2 blocks of land at Baker's Creek, Hillgrove, near Armidale, in the colony of New South Wales, viz., known as

	a.	r.	p.
G. L. 210, see Map herewith, containing ...	4	2	30
G. L. 212, " " ...	8	1	11
Making a total area of more or less ...	13	0	1

as per Surveys of the Mining Department.

The position of these blocks is of an unusually favourable character, as, according to the theodolite surveys and reports, they are estimated to carry not only the Baker's Creek rich reef known as Smith's, but also the well-known Sunlight Reef. According to one of the abovementioned surveys and the reports, these reefs approach each other so closely as to warrant the belief that they junction near the corner of Block 212.

See Report of Mr. E. S. Rosman, late manager of Broken Hill Proprietary Mine; and for full particulars and prospects of Company, vide Herald of Thursday, 9th May, 1889.
